Santa Ana Merchants Invite Public To Gala Event

STYLE SHOW TONIGHT TO DRAW CROWD

Elaborate Entertainment to Be Presented by S. A. Stores

FASHION is king for tonight! Promptly at 7 o'clock the curtains of Santa Ana's stores will part on a preview of styles and fashions for fall, 1935, as the city plays host to 10,000 visitors from all parts of Orange county.

An elaborate program of entertainment and eye-filling display have been worked out for the hospitality night event. Every merchant in the downtown business section will co-operate in making the affair an outstanding success. Bands will parade and play, entertainers will hold forth in stores and all sorts of merchandise, strictly in the new mode, will be on review for the sight-seers.

Interest For All

Men, women and children all will find things to interest them in the promenade of new goods for person and home. Decorators have been busy for days trimming attractive windows, displaying stock to best advantage, and making ready for the thousands who will parade the streets tonight.

Musical entertainment, vaudeville acts, style shows, even a magician, will prove the side-attractions that will entertain for two and a half hours. But foremost in point of interest will be the showing of new things for the fall season.

Every merchant in town has imported new stocks for this important opening, assuring Santa Ana of the finest obtainable merchandise stocks, in point of quality, variety and range of selection. Arrangements for the affair have been made by the merchants' division of the Santa Ana Chamber of Commerce, under the direction of Chairman J. H. Bell.

LIBERTY LEAGUE ATTACKS LABOR ACT

WASHINGTON, Sept. 19.—(UP)—A vast "free lawyer" service for firms and individuals bucking New Deal laws on constitutional grounds was an indicated aim of the American Liberty league as its legal talent today branded the national labor relations act unconstitutional.

The finding by a lawyers committee of 58 brought sharp criticism from organized labor, defending an act hailed as "labor's magna charta," and provoked a charge from a high administration source that it amounted to "advice to clients to disobey the law of the land."

The 132-page opinion, it was announced, would be available to the public as an aid to lawyers with clients challenging the labor act in the courts. Similar opinions on other vital New Deal measures will be "handed down" later.

YOUTH CALLS POLICE TO REPORT SLAYING OF THREE COMPANIONS; ENDS OWN LIFE

NEWARK, N. J., Sept. 19.—(UP)—An agitated young man told the telephone operator early today to ring police headquarters. When a voice answered he screamed:

"Come over here. I've just killed three men."

He banged up the receiver, lock-brother, Benjamin, 45, and Geary's brother, John, 21. All had been killed by shots from the double-barreled shotgun that leaned against Geary's couch.

No Motive Found

One man of the four had killed the other three, then killed himself. Every window was locked and the door was wired shut on the inside. That man, police decided, was Charles Geary.

In the apartment was not one thing to indicate motive. Police learned that the Geary brothers were the nephews of the late Van Brothers. They learned that John Geary had lived with his uncles for several months, but Charles arrived from Tobyhanna, Pa., yesterday.

Bodies Found

They battered down the door and entered an apartment splattered with blood. On the floor of the kitchen were the bodies of three men. On the couch in the living room was the body of a fourth.

The body on the couch was that of Charles Russell Geary, 23. He had died from a .45 calibre bullet fired from the pistol at his side into his heart.

The bodies in the kitchen were those of Orlando Le Van, 50, his

FOR SENATE

A staunch supporter of the late Huey Long, Wade O. Martin, below, public service commissioner of Louisiana, today announced he would seek the Senate seat vacated by Long's death.

MOONEY FIRM IN BELIEFS ON SOCIAL CHANGE

SAN FRANCISCO, Sept. 19.—(UP)—The firm beliefs held by Thomas J. Mooney on the social and economic order were stricken today from the record of his hearing for a writ of habeas corpus.

Mooney created a courtroom sensation late yesterday as he coolly and methodically declared he believed in social revolution, in dictatorship of the working classes and the principles of the I. W. W.

The graying, stocky man, who has spent 13 years in San Quentin on conviction that he was implicated in the 1916 San Francisco Preparedness Day bombing—a downtown blast which killed 10 persons and maimed 36 others—further stated it was his belief that President Roosevelt stood for much that Mooney has stood for during his long career as a militant member of the Moulder's union.

Remarks Stricken

When court opened this morning, Frank J. Walsh, of Mooney's counsel, started an immediate offensive to have the remarks of Mooney stricken from the record. He charged that Mooney was led in his lengthy talk of yesterday afternoon by William F. Cleary, deputy attorney general, who is opposing granting of the writ.

If Walsh was expecting opposition by the state, he was surprised. Cleary agreed to striking the remarks and they passed from the record of the sensational case by stipulation of both sides.

Later, the defense filed notice in the state supreme court that it will move to have the court order Mooney taken to the court for testimony of Warren K. Billings, convicted with Mooney in the bomb outrage.

Louisiana Candidates Announced

NEW ORLEANS, Sept. 19.—(UP)—First definite indication of dissension among leading lieutenants of the assassinated Huey P. Long came today with an announcement of candidacies, backed by at least two powerful members of his machine, for U. S. senator and governor.

Lieut. Gov. James A. Noe declared himself for the gubernatorial chair now held by Oscar K. Allen. Wade O. Martin, chairman of the state public service commission, sought the senate seat occupied by Long. Both offices will be filled by election in January.

CONTEST DEVELOPS OVER V. F. W. LEADER

NEW ORLEANS, Sept. 19.—(UP)—Veterans of Foreign Wars, in annual encampment, today engaged in business discussions after four days of speechmaking and entertainment.

Election of officers, including a commander-in-chief, though not due until Friday, already has developed heated undercover campaigns for two candidates—James E. Vanzandt, Altoona, Pa., commander, and Bernard W. Keraney, senior vice-commander, Gloversville, N. Y.

The resolutions committee stripped politics from 300 measures piled before it and left the gleanings to get by included a slogan, "Remember the Veto," approval of the Townsend Pension plan, and for a national lottery.

MAY JAIL WOMAN

CHICAGO, Sept. 19.—(UP)—Unless she pays \$75 alimony to her blind former husband today, Mrs. Anna Sunde must go to jail, Judge Rudolph Desmet indicated.

"Since women want equal rights, let them have equal rights in everything," the judge said. "I've sent men to jail for not paying alimony and I can send a woman to jail for the same reason."

Mrs. Sunde was ordered to pay her husband, Ludwig, \$75 a week when they were divorced in 1933.

FEDERAL AUTHORITIES MOVE FOR CONTROL OF MUNITIONS UNDER NEW NEUTRALITY ACT

WASHINGTON, Sept. 19.—(UP)—The first action of the Federal government toward control of the manufacture and exportation of munitions under the neutrality act was taken today when Secretary of State Cordell Hull called a meeting of the National Munitions Control board for next Tuesday.

This board is comprised of the secretaries of state, war, navy, treasury, and commerce. Its establishment was authorized by the neutrality act.

Registration Required

Under this act, all manufacturers of arms, munitions and implements of war must register the names of their respective firms with the state department and pay a registration fee.

Then, when arms, munitions and implements of war are defined by the munitions board, the firms manufacturing these articles must obtain special licenses from the board before any of the articles may be exported.

Staffs of the state, war, navy, treasury and commerce departments have been working frantically to compile a list of articles which may properly be considered "implements of war."

LOS ANGELES, Sept. 19.—(UP)—Judson Gould, 55, outraged because his wife refused to effect a reconciliation today, pumped five revolver slugs into her body at her Belvedere home and the final bullet into his head. According to sheriff's deputies. Both were dead when officers arrived.

LATE FLASHES

ROME, Sept. 19.—(UP)—Italy's preparations for war took a significant turn tonight when a decree was published creating a commission of 16 members to supervise problems arising between belligerents and neutrals in war time.

LOS ANGELES, Sept. 19.—(UP)—Judson Gould, 55, outraged because his wife refused to effect a reconciliation today, pumped five revolver slugs into her body at her Belvedere home and the final bullet into his head. According to sheriff's deputies. Both were dead when officers arrived.

LITTLE ROCK, Ark., Sept. 19.—(UP)—Gov. J. M. Fulton today unexpectedly came out with statistics criticizing the Roosevelt administration, praising the late Sen. Huey P. Long as "the most able man of our times" and predicting failure of Long's brother, George Long, of Tulsa, to be elected U. S. senator from Oklahoma.

LOS ANGELES, Sept. 19.—(UP)—A picked group of army officers will administer the Works Progress Administration program in Los Angeles county, Col. Donald H. Connolly, new WPA director and himself an army engineer, announced today.

LOS ANGELES, Sept. 19.—(UP)—Wilmer Allison, national singles champion, advanced to the round of eight in the Pacific Southwest tennis championships today when he came from behind to rout Jack Tidball, former national intercollegiate title, 2-6, 6-1, 6-4. Carolyn Babcock defeated Marjorie Lauderbach of Santa Ana, Cal., in the third women's match, 6-2, 6-0.

NATIONAL RECOGNITION OF SANTA ANA'S IMPORTANCE AS TRADING CENTER GIVEN

RECOGNITION of Santa Ana as a trading center, dominating 795 square miles of trading area, is contained in a report of national scope, just made public by Joseph Eastman, railroad coordinator, in his national railroad coordination scheme.

Voluminous evidence gathered in the Eastman report released in Baltimore, Maryland, shows that Santa Ana stores and industries draw trade from all sections of Orange county, the population of its trading area being given as 119,000, which is approximately the population of the county. There are 49 communities with the Santa Ana trading area, the report shows.

Santa Ana was one of 21 cities classified in the Eastman report as trading centers in California, and officially created as such trading centers for the purposes of the railroad coordination plan. San Diego, San Bernardino, Long Beach and Los Angeles are the nearest surrounding trading centers. Riverside is not classified. Pasadena is classed as a trading center, but Glendale is not. El Centro, in Imperial Valley, Bakersfield and Santa Barbara are the other Southern California trading centers.

In other sections of the state they are Chico, Marysville, Eureka, San Francisco, Oakland, Sacramento, Stockton, Santa Cruz, San Jose, Santa Rosa and Vallejo.

San Bernardino, with a great desert back country, has the largest trading area in the state, 27,195 square miles, but this area has a population of only 188,000.

Other statistics in the report show Santa Ana has "industries on railroad tracks," 162; carloads of merchandise shipped from area, 181; carloads received, 6.

Following are the various cities within their trading areas in square miles: San Bernardino 27,195; Fresno 16,593; Chicago 9,813; Bakersfield, 8,245; El Centro, 8,884; Eureka, 7,595; Marysville, 7,275; Sacramento, 5,773; San Diego, 4,221; Santa Barbara, 7,745; Santa Cruz, 3,765; Santa Rosa, 6,359; Stockton, 7,315; Long Beach, 2,066; Los Angeles, 3,584; Pasadena, 6,131; Santa Ana, 795; Oakland, 875; San Francisco, 1,934; San Jose, 2,554; and Vallejo, 1,745.

Populations of all communities within each trading area are estimated as follows: Bakersfield, 85,000; Chico, 73,000; El Centro, 71,000; Eureka, 51,000; Fresno, 291,000; Marysville, 39,000; Sacramento, 202,000; San Bernardino, 185,000; San Diego, 210,000; Santa Barbara, 144,000; Santa Cruz, 91,000; Santa Rosa, 95,000; Stockton, 194,000; Long Beach, 158,000; Los Angeles, 1,794,000; Pasadena, 239,000; Santa Ana, 119,000; Oakland, 521,000; San Francisco, 769,000; San Jose, 141,000; Vallejo, 95,000.

Cost Of 9 Estimated At \$206,297

NINE additional WPA projects for Orange county were approved today by federal authorities, to be undertaken at a cost of \$206,297, it was announced by Frank Y. McLaughlin, State Works Progress administration director.

Work on the gigantic works program in Orange county should be under way by the end of the current month, it was announced. A total of 696 men will be given employment by the projects just given official approval.

Added to the projects given approval yesterday, the aggregate cost of projects already approved for the county today reached \$375,473.

Park and Drain

Included in today's list of approved jobs are the Santiago parkway project, the Batavia street storm drain work, in Orange, and the construction of a memorial hall in Buena Park.

Dan Mulherron, county administration manager, announced that all is in readiness for the start of work here, and only the receipt of official starting dates is awaited from state headquarters to see the inauguration of the gigantic program.

The projects given approval today, including work in all parts of the state, represent an allotment of \$1,200,000 in federal funds. Many of them were scheduled for ERA or SIERA work. Many are for construction or improvement of the farm-to-market secondary roads.

Federal funds allocated to Orange county by today's action of the administration total \$144,583, with the balance of the total sum to be made up by individual sponsor's contributions.

The list of approved projects received today includes:

Today's List

La Habra—construct grade crossing; 1770 feet of curb, grade and surface various streets; install water pipe, and tree surgery. Federal contribution, \$4464; local \$2475; employ 16 men.

PRESIDENT TO MEET LEADERS ON TRIP

HYDE PARK, N. Y., Sept. 19.—(UP)—While President Roosevelt's forthcoming swing across the country ostensibly will be to inspect social and economic conditions, political observers pointed out today that expected meetings with party leaders along the westward trail will lend the trip a strong political touch.

Although he has decided against set speeches, except at Boulder dam and San Diego, the chief executive has not ruled out meetings with the Democratic lieutenants who helped elect him in 1932. From them he is expected to obtain first hand information that may be used in mapping strategy for the national elections.

He was expected generally to depart from Washington Sept. 26 arriving at Los Angeles Oct. 1 or 2.

FOX CHARGED WITH EVASION OF TAXES

WASHINGTON, Sept. 19.—(UP)—William Fox, former motion picture magnate, was charged with income tax evasion in an amendment filed today by the government with the U. S. Board of Tax Appeals.

Answering Fox's defense the government claimed he owed \$3,586,535 in income taxes, interest, and fraud penalties for 1929 and 1930. Previously the treasury had assessed only the tax deficiency, but today it added a 50 per cent fraud penalty.

Seeking elevation to the governor's chair, Lieut.-Gov. James A. Noe, of Louisiana, below, who is an important cog in the Long political machine, announced his candidacy today.

FILM BEAUTY SHOOTS FATHER AFTER QUARREL

SAN DIEGO, Calif., Sept. 19.—(UP)—Shot by his beautiful film actress daughter as he quarreled with her mother, Roy R. Zachary, wealthy real estate dealer, hovered between life and death at a hospital here today.

"I didn't mean to kill him. I did it to protect mother," said the girl, Velma Lois Elaine, 18, white-lipped in a jail cell.

"It was all my fault. I take all the blame," gasped her father. Physicians said he probably would die.

His wife, Myrtle Zachary, and their 20-year-old second daughter, Lorine, waited, near hysteria, at the hospital as the husband and father was reported weaker.

Worked in Movies

Velma Lois, a slender, grey-eyed blonde, was a Hollywood extra, and was also in demand as a commercial artist's model. She recently worked with Jack Holt and Mona Barrie in the film play "I'll Fix It."

Almost unable to talk, Zachary said he was quarreling with his wife, "but not violently."

"All I remember is the noise," he said. "I must have fallen, because next thing I remember, daughter was standing over me."

"She was trying to shoot again. I heard the gun click but it didn't go off. I put up my hand to stop her."

Mrs. Zachary tearfully protested that her daughter "didn't mean to do it."

She said she and her husband were arguing over property, but the quarrel was not violent. Suddenly the girl began firing, and Zachary fell, pleading for mercy.

Seriously Wounded

Surgeons found one bullet had entered the right side of his chest, and that the other punctured his liver and severed the spinal cord.

ITALY SAYS WILL REJECT PEACE OFFER

Penalties Against Aggressor Being Considered By League Group

BULLETIN

LONDON, Sept. 19.—(UP)—Mediterranean ports of call on the maiden cruise of a British liner were cut from its itinerary without explanation today while a great British battle fleet continued to take position for an emergency in the Italian-Ethiopian crisis.

The liner is the new Peninsular and Oriental company's Strathmore, which starts its maiden cruise Sept. 27.

GENEVA, Sept. 19.—(UP)—The big powers, worriedly considering the dangerous matter of applying penalties to Italy, lost hope of averting war in Ethiopia today with word from Rome that their final peace proposals would be rejected.

Announcement of Ethiopian officials that they would accept the proposals, with one important reservation against complete domination of their country by Italy, aroused little optimism.

It was believed the reservation alone would harden Italy's attitude, even if Premier Benito Mussolini were not already determined to proceed with the war at any cost.

ROME REFUSES

ROME, Sept. 19.—(UP)—The league's proposals for settlement of the Ethiopian dispute are "absolutely unacceptable," an official spokesman for the Italian government announced today.

LONDON, Sept. 19.—(UP)—Benito Mussolini denounced as "not only unacceptable but derisory" League of Nations offers in the Ethiopian crisis, in an interview with G. Ward Price, published in the Daily Mail today.

Mussolini spoke forcefully but temperately in denouncing offers so far made to him and in insisting that Ethiopia would be better off under Italian influence.

He said the final league offer had not reached him in official form, but that as carried by news agencies it seemed ironical.

"The suggestion apparently is made," he said, "that Italy's need for expansion in East Africa should be met by cession to her of a couple of deserts—one of salt, the other of stone. They are the deserts of Ogaden and Danakil (in eastern Ethiopia)."

Counter Penalties

GENEVA, Sept. 19.—(UP)—A system of progressive sanctions against Italy was under consideration tonight by diplomatic representatives of Britain, France and other powers in the event that Premier Mussolini rejects the League of Nations committee of five's peace proposal and marches against Ethiopia, the United Press was informed by authorities. The plan was submitted today.

As outlined by well-informed diplomats, the plan is this:

OPENING GUN FOR FLOOD BOND ELECTION BRINGS OPPONENTS INTO ACTION

PROPOSERS of the county flood bond program having fired the opening gun in their campaign, the forces of opponents were drawn into line today for the counter campaign against the \$6,660,000 bond issue, to be voted upon October 4. Announcement was made that Albert F. LeGaye, former Santa Ana councilman, would head the campaign against the bonds, to be conducted by the Associated Water Users of Orange County.

With the supervisors having actual, unbiased information regarding the water situation" is invited to call at the headquarters or telephone 6638.

Need Contributions

"As the organization's activities will entail a considerable expense, all contributions by individuals to help defray the cost, will be appreciated," said LeGaye.

The supervisors yesterday published full-page advertisements in newspapers of the county, setting forth the facts of the water program, and accompanying these with arguments in favor of the bond issue.

The campaign for the bonds, it was indicated, would be led by approximately the same group that proposed and attempted to carry out the \$15,000,000 flood control bond program that was rejected by the voters of the county in 1928.

MOONEY FIRM IN BELIEFS ON SOCIAL CHANGE

(Continued from Page 1)

Defense counsel also will move that all exhibits be taken to Folsom, and, in addition, that Mooney be provided with a daily transcript of proceedings now underway without cost to him.

Previously the supreme court had refused to grant a request that Billings be brought from Folsom prison to San Francisco. It also ruled that it was "not necessary" that Mooney be present when Billings is questioned at Folsom.

Mooney was well-groomed and fresh appearing as he came to the hearing chamber. He said he slept well in the city jail, his quarters during the time he is out of San Quentin prison for purposes of the hearing.

HOLD LAST RITES FOR MARTHA JONES

ORANGE, Sept. 19.—Funeral services were held yesterday afternoon at C. W. Coffey chapel for Miss Martha A. Jones, 78, who passed away Monday evening at the home of her brother, D. W. Jones, at 245 South Glassell street.

The Rev. Harry E. Owings, pastor of the First Baptist church of Santa Ana, of which the deceased was a member, conducted the rites, assisted by the Rev. H. F. Sheerer, pastor of the First Baptist church of Orange. Miss Leota Ingle presided at the organ and accompanied Miss Mame Havens, of Santa Ana, who sang "Nearer, My God, to Thee" and "Abide with Me."

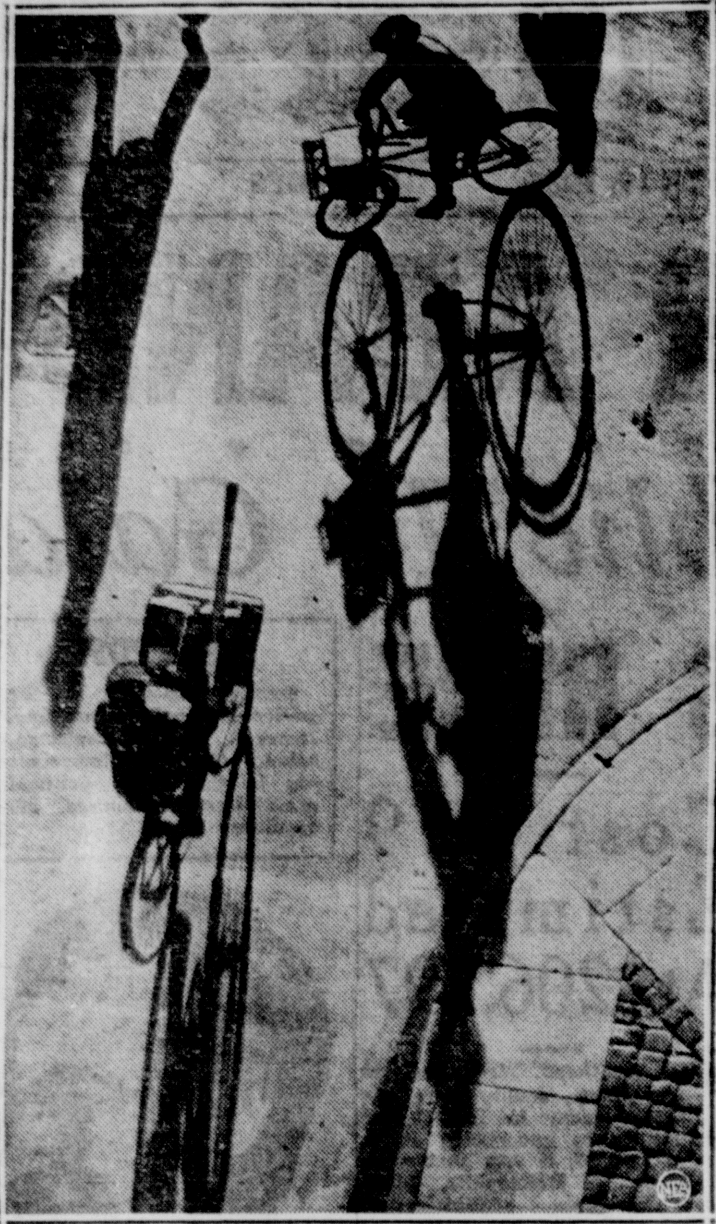

Burial services were held at the home of the deceased, Mrs. D. W. Jones, at 245 South Glassell street, at 2 p. m. yesterday.

PRIZE WINNERS LISTED

FULLERTON, Sept. 18.—Prize winners at the Isaac Walton league card party Tuesday night were Mrs. E. Schlueter, Mrs. Stenbeck, George Wilkins and L. S. Boling. In "500" and Florence Webster, Mrs. Robert Hatfield, Jr., Floyd Sedan and J. Charles Johnson, bridge. Mrs. Jack Riley won a special prize.

The card parties will continue throughout the winter twice a month. The next will be October 1 and as usual will be preceded by a potluck dinner.

The setting sun, heralding conclusion of another day's labors, plays grotesque pranks on cyclists and pedestrians wending their way homeward. Relentlessly pursuing each individual, gargoyle shadows weave a monstrous pattern on the pavements of Berlin.

MRS. HOOVER ASKED TO MAKE ADDRESS HERE

Mrs. Herbert Hoover will be asked to speak before the women's committee of the Santa Ana Community Chest on October 2, Mrs. M. B. Wellington, general chairman of women, announced today.

A delegation of Santa Ana women headed by Mrs. Wellington will go to Los Angeles October 1, when Mrs. Franklin D. Roosevelt will be the featured speaker before representatives of the National Women's committee, it was announced.

Details of the mobilization of more than 400 women who will work on the chest drive this

year were worked out at a meeting of the division this morning. Enrollment of captains and lieutenants was started. Speakers were William H. Spurgeon, Jr., W. K. Bilyard and Mrs. Wellington. Participation of government employees in the campaign was assured yesterday when leaders of that division met at the campaign headquarters. Mrs. Zeida Oxnart was named as chairman of the federal divisions. Ray Adkinson of the county division, and Judge J. G. Mitchell of the city division.

Other meetings scheduled for this week include the campaign cabinet, composed of general chairmen and colonels, Friday noon at the headquarters, and business division majors with Herbert Rankin, chairman, Friday evening.

Division 10—Colonel, Mrs. Arthur Ecklund; majors, Mrs. Ernest Winbigler, Mrs. R. H. McCalla, Mrs. Ralph Hoover, Mrs. D. G. Tidball. Division 11—Colonel, Mrs. A. G. Flag; majors, Mrs. Roy H. mother," Vilma Lois told police. "There were several guns around, so I grabbed a .22 revolver and tried to protect her."

The real estate broker was apparently a collector of guns, for there were many in the house.

Vilma Lois was brought to the city jail clad in red slacks and white blouse. Born in Canada, she came here with her parents 10 years ago.

She was held on a charge of "suspected felony."

12 INJURED IN L. A. FURNITURE STRIKE

LOS ANGELES, Sept. 19.—(UP)—Twelve men were injured in a riot in the factory district today as furniture workers' strike flared into hostilities. Five required hospital treatment. Police riot squads were rushed to the scene.

More than 50 men participated in the outbreak at 44th and Alameda streets.

Police said the riot started when 50 workers rushed 20 pickets who were on duty at the plant. After a brief, fierce encounter, the pickets were routed.

LAMSON TRIAL POSTPONED

SAN JOSE, Cal., Sept. 19.—(UP)—Start of the third trial of David A. Lamson on charges of murdering his wife Allene today was postponed automatically until after September 30, when Superior Judge Robert Syer set that date for hearing on a motion for change of venue.

HOPE LOST FOR AVERTING WAR: TALK PENALTIES

(Continued from Page 1)

Recall of all ambassadors and ministers to Italy from League members; Financial and credit boycotts, and

An embargo on exports to Italy by gradual stages, climaxed by a complete economic blockade backed by naval protection.

These steps would be undertaken—if accepted collectively—in case Mussolini launches an unprovoked attack against Ethiopia.

EDITOR MAKES CHARGE

ROME, Sept. 19.—(UP)—Coincident with announcement of a government spokesman that the league's peace proposals are "absolutely unacceptable" to Italy, the influential newspaper *Gironale D'Italia* charged today that Britain is preparing to fight Italy.

Gironale's editor, Virginia Gayda, usually regarded as representing the views of the regime, said recent utterances in the British press manifest "A deliberate determination to fight Italy."

Regarding alleged references in the British press to closing the Suez canal and Gibraltar, and to Italy's inability to stand against the British fleet, the editorial continued:

"It is incredible yet true. In fact, it is not only provocative and threatening but a deliberate expression of the will to fight."

Italy's determination to reject the league's peace proposals was expressed earlier in a statement by the official spokesman.

READY FOR ATTACK

(Copyright, 1935, by United Press) ADDIS ABABA, Sept. 19.—(UP)—Ethiopia expects Italy to attack simultaneously on five fronts if war comes, well-informed circles in the capital said today.

A concentration of Ethiopian troops west of the Webbe Shiheli river indicates that a five-fold Italian offensive might be countered by an Ethiopian attack into Italian Somaliland.

Defense plans have been laid to meet the Italian attack which is expected if the peace efforts at Geneva break down and the concentration of British warships in the Mediterranean does not give Mussolini pause.

Although no general mobilization order has yet been released, it was learned from a reliable source that triple defense lines have been drawn to meet any one of the following five possible attacks.

PREDICTS U. S. ENTRY

(Copyright, 1935, by United Press) PARIS, Sept. 19.—(UP)—The United States will become involved in war if the Italo-Ethiopian dispute leads Europe into armed conflict, in the opinion of Bertrand Russell, one of England's foremost sociologists, who is also a philosopher and mathematician of distinction.

Russell, who is in Paris to attend the International Congress on Scientific Philosophy, told the United Press in an exclusive interview: Approves Efforts

"I approve of the efforts of the United States to keep aloof from the present European tangle growing out of the dispute between Italy and Ethiopia. But if war comes, I don't think these efforts will prevail.

"In the last war America made efforts to keep out of it—and didn't. What reason is there to suppose that her present efforts will be more successful than those of 1917. There are bound to be economic factors which would make it difficult for America to avoid being pulled into such a war."

Discussing the morality of the situation Russell said: "What Italy is doing is wicked. What England is doing is foolish. Italy has not shown justification for her campaign but, on the other hand, England should not oppose her so strongly. We must evaluate facts and realize that Ethiopia is not as important as Europe and the rest of the world, which would be economic factors which would make it difficult for America to avoid being pulled into such a war."

"Logically, it amounts to this: The world must reluctantly sacrifice Ethiopia, if need be."

SPANISH WAR VETS ELECT ROBERT CAIN

SAN ANTONIO, Tex., Sept. 19.—(UP)—Robert S. Cain of Pittsburgh, Pa., today was elected commander in chief of the United States Spanish war veterans, Cain, a native of Scotland, is believed to be the first foreign-born commander ever elected by the organization.

Scott Leavitt of Great Falls, Mont., was elected senior vice commander, defeating Ralph Edwards of Idaho Falls, Idaho. Alfred J. Kennedy, of New York City, was elected junior vice commander.

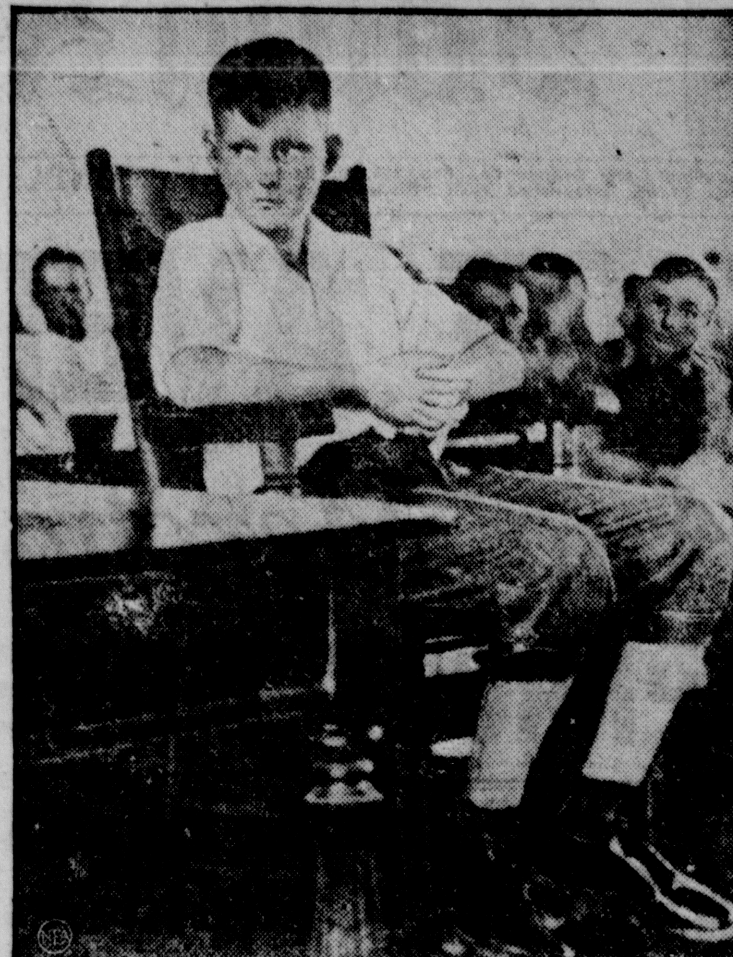

Cain was expected to re-appoint John Brown, Jr., of Pittsburgh, Pa., as adjutant general and P. J. Callan, of Washington, D. C., as quartermaster general.

SON CONVICTS MOTHER

PORTLAND, Me., Sept. 19.—(UP)—Convicted in part by the testimony of her 11-year-old son, Mrs. Mary E. Morrill, 52, today faced a mandatory sentence of life imprisonment for the axe murder of her husband Herbert.

Jimmy Morrill was asleep in the county jail across the street from the courthouse when the jury of 11 men and one woman returned its verdict. The boy's father was slain at their ramshackle home June 8.

Lad of 11 Gets 5 Years as Killer

A slayer at 11, George M. Snow sat at the witness stand in a crowded Wartburg, Tenn., courtroom, as shown above, and told how he killed Johnny Holt, 16, with his knife, after the Holt lad had hit him three times with rocks. A jury of farmers found the defendant guilty of voluntary manslaughter and he will serve five years in the state reformatory. George is the son of a well-to-do farmer and his victim was the son of a neighboring sharecropper.

FREE MAN IN MORALS CASE: SAY FRAME-UP

The charge that George E. Higgins, San Clemente political leader and active in a recent move to recall Mayor A. T. Smith, was made the victim of a political frame-up in retaliation, by the filing of a morals charge against him, involving two young boys, was inferentially supported today when a jury in superior court acquitted him of the criminal charge.

The three-day trial had been a bitter court battle between Deputy District Attorney James L. Davis, for the prosecution, and B. Z. McKinney, who defended Higgins successfully and succeeded in clearing him of the charge.

McKinney, in a strong plea to the jury today, declared that either a political plot had been directed against Higgins, or the charge against him was a figment in the imagination of the two young boys, inspired by fear of punishment from Higgins, for acts of their own.

The jury brought in its verdict in Judge A. Caminetti's court just before noon today.

established the fact he had left the ranch several days ago. Mills said, however, he knew both the white man and the Negro who last had worked at the pig farm.

The ranch house had been ransacked from top to bottom when officers arrived. Tables were overturned, bureau drawers thrown on the floor, their contents scattered, and even the mattresses had been torn up in search for the woman's purported hoard.

Although she lived simply, neighbors said they believed Mrs. Geer had had a considerable income from recent sale of hogs, at present selling at peak prices.

Her husband, John Geer, 50, has been in county hospital since Sept. 9.

Relief Corps To Hold Inspection

ORANGE, Sept. 19.—Mrs. Manley Harrison, Mrs. Alma Coffey, Mrs. Gladys McDonald and Mrs. Harriet Perry were hostesses at the regular meeting of the Women's Relief corps Wednesday. A pot luck luncheon was served, with Mrs. Estelle P. Gray, of Santa Ana, a past department president, and Berenice Wood of the G.A.R. as special guests.

At the business session two applications for membership were received and reports made on 29 relief calls and four bouquets. Mrs. Sue Teasdale was remembered in her illness, and a welcome was extended to Mrs. Emma Anthony on her return from the east.

It was announced that the next meeting will be held October 16 and that annual inspection of the unit will take place November 20, with Mrs. Gray as inspector.

TEST PILOTS DIE IN PLANE CRASH

LOS ANGELES, Sept. 19.—(UP)—A new airplane crashed late yesterday, causing the death of a test pilot and an engineer. The ship was a combination attack and bombing low-winged, all-metal monoplane built to be offered the U. S. Army.

Ton C. Van Stone, 31, Albuquerque, N. M., former navy pilot, and Dugald Blue, 27, Glendale, Calif., engineer for the Airplane Development corporation of Glendale, were killed.

Van Stone took off in the ship, said to be capable of more than 235 miles per hour, from the municipal airport. Blue was a passenger.

At 500 feet the motor went dead, and the plane heeled over in a tailspin. Both men were dying when airfield attendants reached the wreckage.

**CITIZENS LAUNCH
BONDS CAMPAIGN**

An active campaign seeking approval of the Orange county flood control and water conservation plan at the election October 4, is expected to result from a meeting of citizens to be held at the courthouse this evening at 7:30. The meeting was called by William H. Spurgeon Jr., acting chairman of the Citizens Flood Control and Water committee, and completion of the organization is planned so that the educational work necessary to informing voters of all the facts may be immediately undertaken. Definite steps for organization, selection of an executive committee, and the naming of departmental committees for an intensive two-week campaign were expected as among the matters to be taken up at tonight's meeting, to which the public is invited.

Santa Ana Chapter No. 73, R.A.M., will hold a 6:30 Mens Dinner Saturday night, Sept. 21. Royal Arch Degree to be conferred by San Diego Chapter, Phone 3630 for dinner reservation.

PROPAGANDA IS FOUND; DEMAND BAIL OF \$5000

Charles McLaughlan, 27, of 1131 West Highland street, was booked at the county jail last night by Chief of Police Floyd W. Howard, charged with two counts of criminal syndicalism, felony charges.

In Justice Kenneth Morrison's court today he was arraigned and his answer to arraignment set for Monday morning at 9 a. m. Bail of \$5000 was demanded, which he did not make.

The man, known throughout the county as a communist, who was tried before the Placencia police court last summer and freed on a charge of distributing communist literature, has been under police surveillance for the past several months, according to a statement made by Chief Howard.

He was arrested at 917 Logan street by Ralph Pantuso, police officer, when the officer confiscated scores of books, magazines and other "red" propaganda, found in his car.

Makes No Statement
McLaughlan made no statement in court today.

He was born in Fernie, British Columbia, and was naturalized in Idaho a number of years ago, according to immigration officials who interested themselves in his case at the jail this morning. He gave his occupation as a dairyman and said he had been in Orange county for the past seven years.

The actual charge against McLaughlan is based on his asserted sales of literature to Mexicans near his home. Police are of the opinion he has been selling the pamphlets here for some time.

McLaughlan has interested himself in the Workers Club here for several months. He has been seen at several of their meetings and may prove to be one of the leaders of the movement here, it was said.

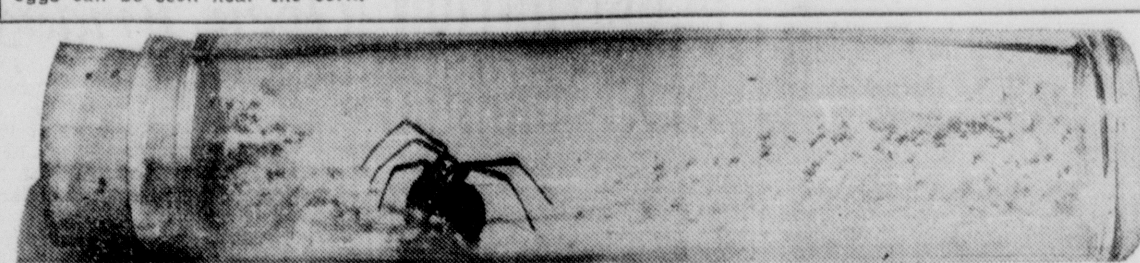

Police have received numerous reports of his activities in distributing literature about Santa Ana streets, the literature being confiscated in many cases. It was all of a communist nature, Howard reported.

Several boxes of books were taken at the time of his arrest. Some of the books were entitled as follows: "El Machete," "Periodicals, O'breary y Compensio Mexico," "The Negro in Soviet America," by James Allen and James Ford, the latter a candidate for president on the Communist ticket, "Young Communist League Songs," "An Understanding of Soviet Russia," "You Can Not Kill the Workman," "Foundations of Leninism," "The Miners Road to Freedom," "In A Soviet America," "Seamen and Longshoremen Under the Red Flag," "The Communist Manifesto," "Two Constitutions," "Party Organizer," "Industrial Slavery," "Permanent Counter Revolution," "The Communist Party and Methods of Organization," and "White Guard Terrorism in the United States of America."

Commenting upon the announcement, Tubbs said that since the legislature has provided an agency

BLACK WIDOW "BOTTLE BABIES"

Here is a good picture of what a black widow spider looks like when she is at home, raising her young. The young, hundreds of them, are a light tan color. Perhaps they won't turn black until they are much older. Some turn quicker than others, according to George W. Thoman, termite control expert who captured this family under the floor of his garage. These babies are just 24 hours old, hatched at noon yesterday. When the picture was taken they were two hours old. The eggs can be seen near the cork.

NEW OFFICERS OF BRETHREN CHURCH NAMED

Elected at an annual meeting last night, new officers of United Brethren church will take over their duties, October 1, coincident with the completion of reconditioning work on the church building, it was announced today by the pastor, the Rev. Herman B. Landis.

Entirely repainted, treated for termites and partly roofed, the church building in its new condition represents hours of labor done by members of the congregation, it is reported. Giving of their time, church members accomplished work the value of which is estimated at \$600. Carpenters, cement workers, painters and others cooperated in the rebuilding project, which is so near completion.

Officers elected were J. M. Wyne, elder; W. C. Dunlap, clerk; Art Hoover, treasurer; Roy Teter, head usher; Hazel Landis, messenger; correspondents: Mae Teter, messenger; Asbury Henard, Albert Hoover, music committee. Sunday school officials named were Earl Royer, superintendent; Leta Lehman, secretary; Albert Hoover, junior superintendent; Bernice Hoover, primary superintendent; Mrs. J. M. Wyne, cradle roll and home department; Simeon Davis, Walter Dunlap, board of Christian education.

Plans were made for homecoming day to be observed Sunday, October 27. J. M. Wyne, Roy Teter and Asbury Henard will be on the committee in charge.

REQUIRE TERMITE MEN TO REGISTER

Termite control operators, required to be licensed as such, by a new law effective September 15, must register by October 1 or they will be required to take an examination before being granted a license after that date, it was declared in an announcement received today by D. W. Tubbs, county agricultural commissioner, from William G. Bonelli, director of the department of professional and vocational standards of California.

Commenting upon the announcement, Tubbs said that since the legislature has provided an agency

2 PROTEST AS WATER BOARD OKAYS BONDS

Acting over the protest of two members of the board, the directors of the Orange County Water District yesterday endorsed the Orange County Flood Control project, and voted a pledge of support in the forthcoming bond campaign to the Orange county board of supervisors.

The action was taken by the board over the vigorous protests of William Wallop, Anaheim, who said he could not conscientiously vote to support the board of supervisors, inasmuch as he was going to vote "no" on the bond question.

C. Roy Browning, Irvine company engineer, refused to vote on the question, stating that many property owners had come to him protesting against the bond measure on grounds of excessive cost and raise in taxation.

A resolution voicing the support of the water district board to the six and a half million dollar bond issue was moved by William Mauerhan, Katella, and seconded by Mayor Frank C. Champion, Laguna Beach. The resolution stated the water district was "willing to do everything in its power to aid the board of supervisors in carrying out the flood control project."

A question raised by Mauerhan as to whether the district could spend money for educational purposes in aiding the campaign was referred to Attorney A. W. Rutan and the legal committee for decision. Wallop again objected, stating that the matter of expense was up to the board of supervisors. Rutan said that it is his opinion that the district could not spend the money.

A resolution designed to change the meeting place of the board from Garden Grove to the offices of the Orange County National Farm Loan association in the Medical building, Santa Ana, was passed, and the secretary instructed to post notices announcing the change.

The resolution affecting the change will be drawn up by Rutan, carried over two weeks, and then passed by the board.

to regulate the business of structural pest control, the county agricultural office will no longer make inspections of premises for termites, but will be glad to continue the identification of specimens brought into the office.

CHEST LEADERS MEET TOMORROW

The third in a series of "progress report" luncheons of the Santa Ana Community chest campaign will be held tomorrow noon at the campaign headquarters, it was announced today.

Committee reports and a discussion of the progress of the campaign will be heard. William H. Spurgeon, temporary chairman, will preside, in the absence of Chairman Harry L. Hanson.

MEXICAN IS SOUGHT
Police were called to 1907 West Fifth street early last night, seeking Antonio Ybarra, wanted by the immigration officers, after he is asserted to have beaten Margaret Downey, of 511 North Daisy street, at the West Fifth street address. She told officers that he threatened to kill her if she told officers of his whereabouts, a police report stated.

DEADLY BLACK WIDOWS MIGHT NOT BE BLACK

Black widow spiders do not have to be black to be the real article, in the opinion of George W. Thoman, Whittier Termite expert, who has offices in the Builders' Exchange building here and who has on display at his office various spiders, all of the Black widow variety.

In a picture on this page is seen a mother and her young, the baby spiders having been hatched at noon yesterday. Their color is gray or a light tan. There is no sign of the hour glass which distinguishes the black widow from the harmless type of spider. Thoman said the hour glass will not make itself seen until the spiders are two months old.

This particular spider and its young, hundreds of them, was found under the floor of his garage at home. He also has a number of other black widow spiders, which are tan in color, but the hour glass is on the abdomen and Thoman claims that any colored spider with the hour glass emblem is a black widow.

He displayed one spider that had white spots on its back, but the hour glass was plainly visible.

Fliers Will Open Plane Plant Soon

A manufacturing plant for airplane parts and a station for experimenting on certain phases of airplane construction is soon to be established in Fullerton. It was learned today from reliable sources.

The work is to be done under management of Joe Maier, a former instructor in Fullerton Union High school, and connected with the recent re-fueling round-the-world airplane flight. Maier was connected with the school in 1932-33 and 1933-34 in the manual arts department.

Maier and a group of other fliers from Glendale have rented a large building at 117 East Whittier avenue, Fullerton, from Lillian Yeager, and expect to have an airplane and equipment in the building within a few days. It is understood. They signed the lease last Saturday.

METHODISTS BEGIN SESSION

With Dr. J. E. Dunning of Santa Ana, superintendent of the San Diego district of Methodist churches presiding, an all-day retreat for pastors and wives and laymen and wives of Methodist churches of Orange county is in progress today at the Orange Methodist church.

A large group is in attendance at the event. A covered dish dinner is to be served in the Epworth hall of the church at 6:30 p. m. The regular quarterly conference will be held following the dinner.

HIGH SCHOOL FACULTY HOLDS FIRST OUTING

Polytechnic high school faculty members today approached their teaching duties with new zest inspired by the success of their first faculty party of the new school year, last night's steak bake in Irvine park.

Accompanied by their respective wives and husbands, high school teachers motored to the park at 2 o'clock, and broiled steaks over the outdoor grills. C. L. Tibbets of the mechanical arts department, headed the committee on arrangements, composed of the Misses Ruth Rowland, Myrtle Stark, Levenia Scott, Messrs. B. F. Quiver, C. O. Patton, G. M. Woolley and Lynn H. Crawford, principal.

Dinner was succeeded by an interval of short talks by Frank A. Henderson, city superintendent of schools; George R. Wells, president of the school board, and two board members, Dr. Margaret D. Baker and Rolla R. Hays. Guests invited in addition to faculty husbands and wives were members of the board of education and city and county superintendents, and their wives. From the board were George R. Wells, Dr. Margaret D. Baker, Rolla R. Hays, Ridley S. Smith and M. B. Youel, with City Superintendent Frank A. Henderson and County Superintendent Ray Adkinson.

LARGE NATURALIZATION CLASS PREPARES FOR EXAMINATIONS; MOST FROM ENGLAND, GERMANY

One of the largest naturalization classes in the county's history today was preparing for its examinations at the semi-annual hearing in superior court December 11, a list of 55 applicants being announced today by County Clerk J. M. Backs. Among the applicants are 21 women and 34 men who seek citizenship.

England, as usual in recent years, contributes the largest group of subjects to the class, 29 of which will renounce their allegiance to the British crown. Germany, which formerly held frequent leadership in contributions to such classes, has the second largest group, with 12. Four Belgians and four from Mexico, two from the Netherlands, and one each from Switzerland, Portugal, Austria and Italy, complete the roster.

Santa Ana and Anaheim hold nearly half of the class, between them, 13 residing in Santa Ana or its rural postal routes, and 12 in Anaheim and vicinity. Orange, Brea and Fullerton each are represented by four. The others are scattered about the county.

Following is the roster of the class: Mrs. Marie del Refugio B. Echevarria (Mexico), 640 Emmet street; Frank A. C. Fairley (England), 930 West Bishop street; Arley Judson Gorman (England), 702 East Chestnut street; Miss Matilda Acherson (England), 1217 South Gachon street; Camille Haegeman (Belgium), R. ITALY Masses Modern Mechanized Forces For Coming Strife VS. Illy-Equipped, Dauntless Warriors Ready To Defend ETHIOPIA

Italian Troops Show Proficiency With Liquid Fire

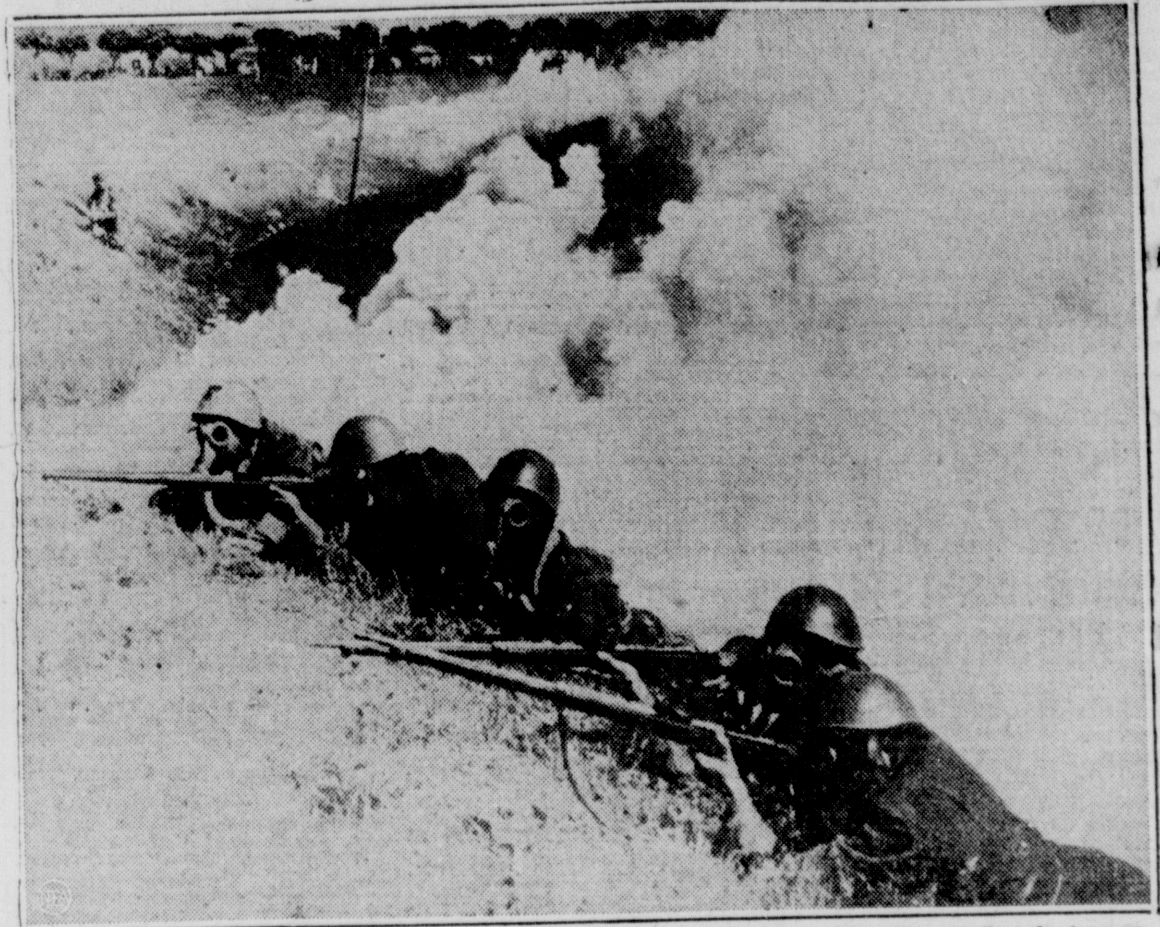

Armed with liquid fire, one of the most terrifying of modern weapons, these well trained, young Italian soldiers demonstrate how they will pour flames on Ethiopian forces if called on to do so.

Too Old to Fight? Not in Ethiopia

While Mussolini girds the pick of Italian youth for battle, young and old men rally to Ethiopia's defense. Note the graybeard (second from right) and lack of uniforms.

Rome's Legions Ready to Fight in Face of Gas

For both offense and defense, the Italian troops go to Africa well prepared. Mussolini's infantrymen wore their gas masks as they took part the other day in realistic war games in the foothills of the Alps.

Off to Front—Ethiopian Style

Often without equipment, usually barefoot, Ethiopia's recruits plod afoot toward their country's frontiers in a desperate effort to halt invasion by Italy. This column is led by an officer on mule back.

Guiding Roman Legions

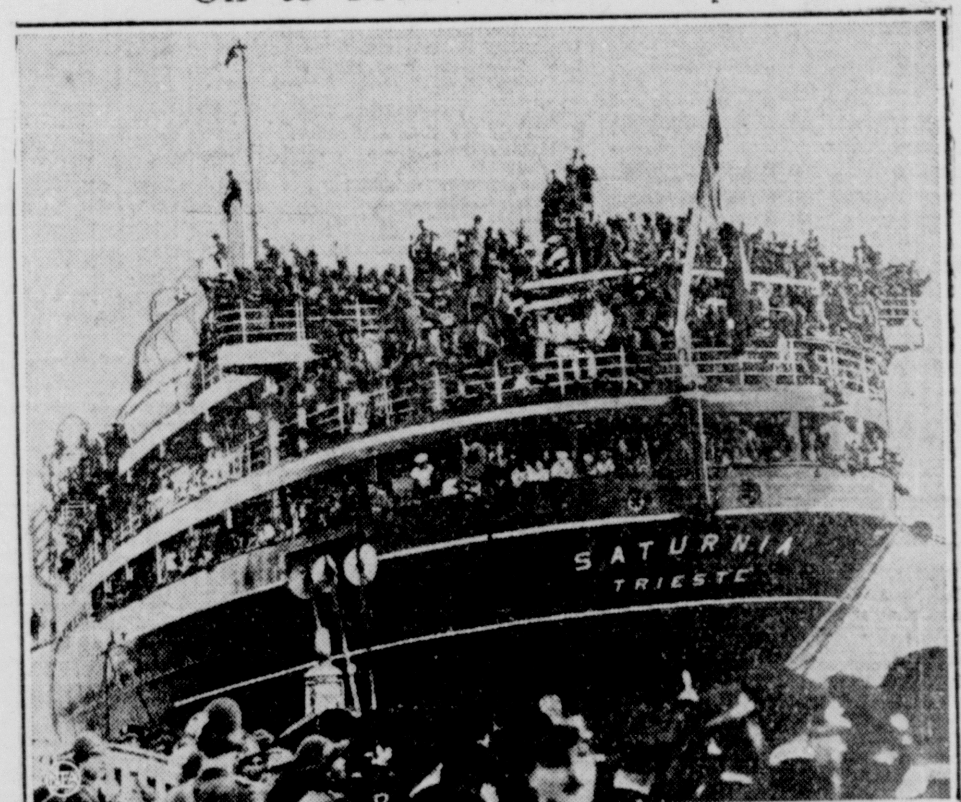

Trained in modern warfare, General Balistocchi, Under-Secretary for War, photographed during recent war maneuvers, typifies the leadership of Italian forces.

Chief of Ethiopian Warriors

Carrying a lance like his ancestors, Degdatch Habte Mikaele (above), chief of Ethiopia's volunteers enroute to the "front", symbolizes the primitive courage of Italy's foes.

Off to Front—Italian Style

While Ethiopia's defenders straggle to the front in primitive fashion, Italian troops and officers advance on Africa in comparative comfort. Here 4500 jam the liner Saturnia as they sail from Naples.

Ethiopia's forces have proved their courage on the attack—at Adowa, for instance. Now they learn to attack in the modern manner, taking advantage of the cover offered by the countryside. Here cadets stage an advance at Guenteh.

In widely dispersed waves, after the manner found most practical in the World War, Italian troops, moving at double quick, charge upon their objective in an attack during maneuvers along the Austro-Italian frontier.

Mister and Missus Is the Name

Several years ago Max Baer dropped a 20-round decision to Paulino Escudun at Reno—and immediately afterward married Dorothy Dunbar. He dropped the heavyweight crown to Jimmy Braddock recently—and married again. The new Mrs. Baer, nee Mary Ellen Sullivan, was hostess of a Washington, D. C., coffee shop, and she and Max say he's through with the prize ring, and they'll make their home in California.

Attractive Rival Slain by Wife

Her youth and beauty won the love of her married employer, and now Virginia Seigh (above), is dead. She was slain by Mrs. Etta Reisman at Beechurst, L. I., after Arthur Reisman, New York beauty shop proprietor, had asked for a divorce.

Former Show Girl Held in Slaying

Saying she killed her husband, Frank Horan, in a fight for possession of a gun after she had protested that he was drinking himself to death, Lucille Lavelle (above), former Broadway showgirl, pleaded not guilty when arraigned in Buffalo. Mrs. Horan attained notoriety before when she went gunning for Rudolph Cameron, movie actor.

'Defense Funds' Are Often Rackets, Says Consul for Ethiopia

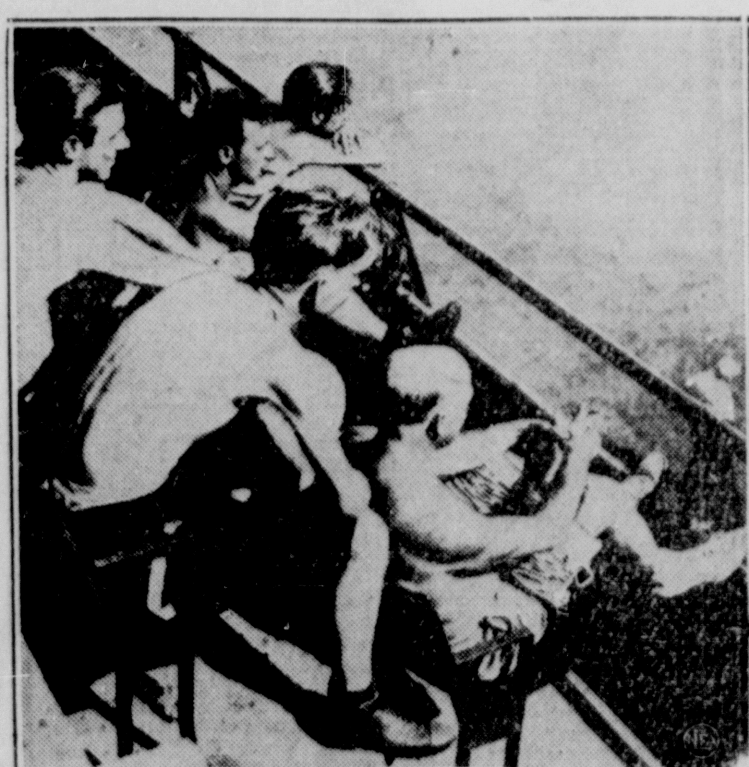

Warning has been issued by John H. Shaw (above), an American serving as Ethiopia's Consul General in New York that many of the so-called "Ethiopian Defense Fund" drives in this country are mere rackets. He has approved formation of an investigating body called the American Committee on the Ethiopian crisis.

Held After Five of Family Die

Five deaths in his family in a month led to arrest of Frederick Gross, 49, above, \$20-a-week bookkeeper for a New York City chemical firm. He firmly denied knowledge of how his wife and four children met their deaths, after thallium sulphate was found in tissues of the mother and one child. A homicide charge has been filed against Gross.

FANS SETTLE BURNING QUESTION

When Old Sol's rays became too uncomfortable for the balcony bugs at Shibe Park, Philadelphia, they decided to discard their shirts, roll up their trouser legs, and get a sun tan while watching the game. Here are a few of the Athletics' fans displaying their manly forms for the sun to work on.

PROJECT UP TO GOVERNMENT AND ELECTORS

can be done, on behalf of the county flood control project in Washington, as well as locally, and all that now remains is for approval of the government grant at Washington and approval of the proposed \$6,660,000 bond issue by the people at home, the county supervisors were told late yesterday by A. Kempke, of San Francisco, member of the board of consulting engineers, who has just returned from Washington.

and Supervisor Leroy Lyon, has been doing efficient work there, and he gave much credit to Senator V. G. McAdoo for his efforts, also to the office staff of Senator Hiram Johnson, who was not personally contacted. State Relief Director Frank Y. Laughlin also had been a great aid, he said.

Kempke estimated that the project had a 4-to-1 chance for approval by the government.

NOTED WOMEN OF NATION TO DISCUSS BONDS

An address by the Honorable Isabella Greenway, congresswoman-at-large from Arizona, in behalf of United States Savings Bonds will be made on KREG tonight at 8:45.

This will be the first of a series of six addresses to be made on the local radio station within the next few days by women who hold prominent offices in the United States government.

Subsequent speakers will include Nellie Taylor Ross, director of the United States mint; the Honorable Josephine Roche, assistant secretary of the treasury; the Honorable Marion Bannister, assistant treasurer of the United States; the Honorable Caroline O'Day, con-

"SWEETHEART" WILL SING FAVORITES

In response to numerous requests, Thelma Jones, "The Western Sweetheart", has selected another group of favorite and delightful songs for presentation tonight on KREG at 8 o'clock.

"Prairie Skies", "Beautiful Texas", "When It's Round-Up Time in Heaven" and "Mountain High" will be the songs included in her program.

"The Western Sweetheart", accompanying herself with her guitar, is heard every Tuesday and Thursday at the same hour.

grewoman-at-large from New York, and the Honorable Mary T. Norton.

SOCIETY PRESENTS ANOTHER PROGRAM

Another special program, to be presented under the auspices of the Adventist Welfare society and conducted by Evangelist B. R. Spear, will be broadcast from KREG this evening at 4:30.

Details of the program were not available at a late hour, due to special arrangements, but Evangelist Spear's presentations have always been interesting and entertaining in the past as attested by numerous listeners to his Sunday broadcasts of "The Radio Light-house" from KREG at 8:30 p. m.

The Dodge revue, a presentation of the L. D. Coffing company in Santa Ana, is a regular feature every Thursday at the same hour.

Featuring Bob Crosby and Victor Young's Orchestra and a "thriller" in the form of a miniature playlet that every motorist will appreciate, tonight's "Dodge All Star Revue" will be replete with diversified entertainment at 6:45 on KREG.

RADIO FEATURES

Time References Are Pacific Standard Time

Jessica Dragonette, one of radio's leading song stars, will inaugurate the new Atwater Kent series opening over KJH today from 4:30 to 5 p. m. The occasion will be the tenth radio anniversary for both the Atwater Kent program and Miss Dragonette and in honor of the event the singing star has selected a number of melodies which have been milestones in her vocal career.

Sensor William E. Borah will be the distinguished speaker of the evening. Luciea Bori will be the soloist in a brilliant musical setting and R. C. Sheriffs famous play, "Journey's End", will be presented during the inaugural program of the elaborate World Peaceways series today, from 5:30 to 6 p. m., over KJH.

Five of Maestro Heide's array of soloists will be heard in featured numbers when Horace Heide's Brigadiers present their variety program today, from 6 to 8:30 p. m., over KJH.

George Gershwin, composer; Mildred Bailey, blues singer, and Ray Knight, radio jester, will share guest star honors on Paul White-man's Music Hall broadcast over KFI today at 6 p. m.

Guy Lombardo and His Royal Canadians will be presented in a new KJH dance series each Thursday and Saturday, beginning today. They will play from 7 to 7:30 p. m., on Thursdays and from 6:30 to 7 p. m. on Saturdays.

Inspired by Ernesta Gazzeri's famous statue of the same name, tonight's broadcast of "Tapestry of Life" will tell a well known story of "Father Love", in the broadcast over KJH from 8:30 to 9 p. m.

Music is the universally understood language, and Maestro David Broekman has demonstrated a striking ability in "musical repartee" as Music Editor of the "Mobil Magazine", one of the West's most consistently fine programs. Another bright and melodic edition will be broadcast by KJH and other stations of the Columbia-Don Lee network, from 9 to 9:30 o'clock tonight.

The 18th edition of "Inside Stories", KFI on Friday morning at 11 will feature Gus Kahn, song writer, with Joy Hodges, popular singer. Kahn will accompany Miss Hodges in several of his best known songs. Both Miss Hodges and Mr. Kahn will be interviewed by Ed Stodel.

THRILLER SKIT AND CROSBY IN POPULAR REVUE

Featuring Bob Crosby and Victor Young's Orchestra and a "thriller" in the form of a miniature playlet that every motorist will appreciate, tonight's "Dodge All Star Revue" will be replete with diversified entertainment at 6:45 on KREG.

Tunes to be played by this popular orchestra will include "Life Is a Song", "In My Solitude", "You're a Heavenly Thing" and "The World is Waiting for the Sunrise" while Bob Crosby will be featured in the songs: "Blue Moon" and "You Saved My Life".

The Dodge revue, a presentation of the L. D. Coffing company in Santa Ana, is a regular feature every Thursday at the same hour.

LITTLE AMERICA

RIGHT IN YOUR OWN BACK YARD

FAR UP in the High Sierras—in your own back yard—we have conditions comparable to Little America. It is here that the important hydro-electric plants of the Edison Company are located. While building these plants, men were subjected to similar conditions—similar hardships and isolation as Admiral Byrd and his men. Winter after winter dog teams made daily trips through twenty-foot snow drifts and disheartening blizzards, hauling a sledge-load of mail to the marooned tunnel workers in the snow-bound Edison Camps.

But the Edison pioneers differed from prac-

tically all other explorers. These men were tapping a great source of electric power to be used in the homes, factories and on the farms of Central and Southern California.

They were building dams. . . erecting power plants to generate electric power. . . running cables to convey that energy to substations, which in turn delivers it to your switch, thereby contributing to your comfort in your home and your prosperity in your business.

Orange County Boy Scout Fall Program Arranged

SAN DIEGO TRIP
ON OCT. 5 TO
START SEASON

The fall program of the Orange County Boy Scouts of America, listing seven special events which will include the entire personnel of 1700 county members, was released today by Scout Executive Harrison E. White. The program was outlined at a meeting of Scoutmasters and troop committeemen at Camp Irvine recently.

On October 4, all patrol units of the county going to the Scout convocation at the San Diego fair October 5 and 6 will assemble in camp at Birch park, and will be on exhibition there for the day and night. On October 5 and 6 Southern California Scouts will meet at San Diego.

The county court of honor will be held October 25 in the Santa Ana Municipal Bowl. Certificates of merit and advancement will be awarded, as well as special troop prizes. The court will be followed by a special program.

November 1 will see a tribe meeting at Camp Irvine, with a dinner to be followed by program, with county scoutmasters as guests of honor. On November 11 plans are being laid for the annual Armistice Day parade and Boy Scout participation.

A county field meet will be held November 23 in the Santa Ana bowl, with exhibitions of Scout work being presented. December has been set aside as the recruiting month, to be followed by the annual winter camp from December 26 to December 31.

Scoutmasters who will serve during the year have been listed as follows: S. M. Honold, Huntington Beach; Harvey S. Bartlett, Huntington Beach; Rev. Joseph H. Thompson, Oceanview; Francis J. Dell, Westminster; Hollis W. Fitz, Talbert; Kenneth E. Morrison, Santa Ana; Harry Wild, Santa Ana; Robert R. Russick, Santa Ana; G. W. Bassett, Jr., Santa Ana; F. P. COMMENTS ON
NEW PICTURES
ARE RELEASED

Reviews and criticisms of new motion pictures by the reviewing board of the California Congress of Parents and Teachers were released today by Mrs. M. W. Hollingsworth, motion picture chairman of the Santa Ana council. The comments were as follows:

"The Payoff," First National picture with James Dunn, Claire Dodd, Patricia Ellis and Alan Dinehart: "A designing wife forces an honest young sports columnist to betray his news sheet. His slump to the gutter, via the alcoholic path and his redemption through the efforts of a girl-reporter provide the theme for another newspaper story. Adequate direction, action and photography. Adults and young people."

"Way Down East," 20th Century-Fox picture, with Rochelle Hudson and Henry Fonda: "The old classic is presented with such attention to detail of atmosphere that it becomes a saga of early New England America. Comedy and pathos plus thrills aptly insure good entertainment value for the family. Excellent action, direction and photography."

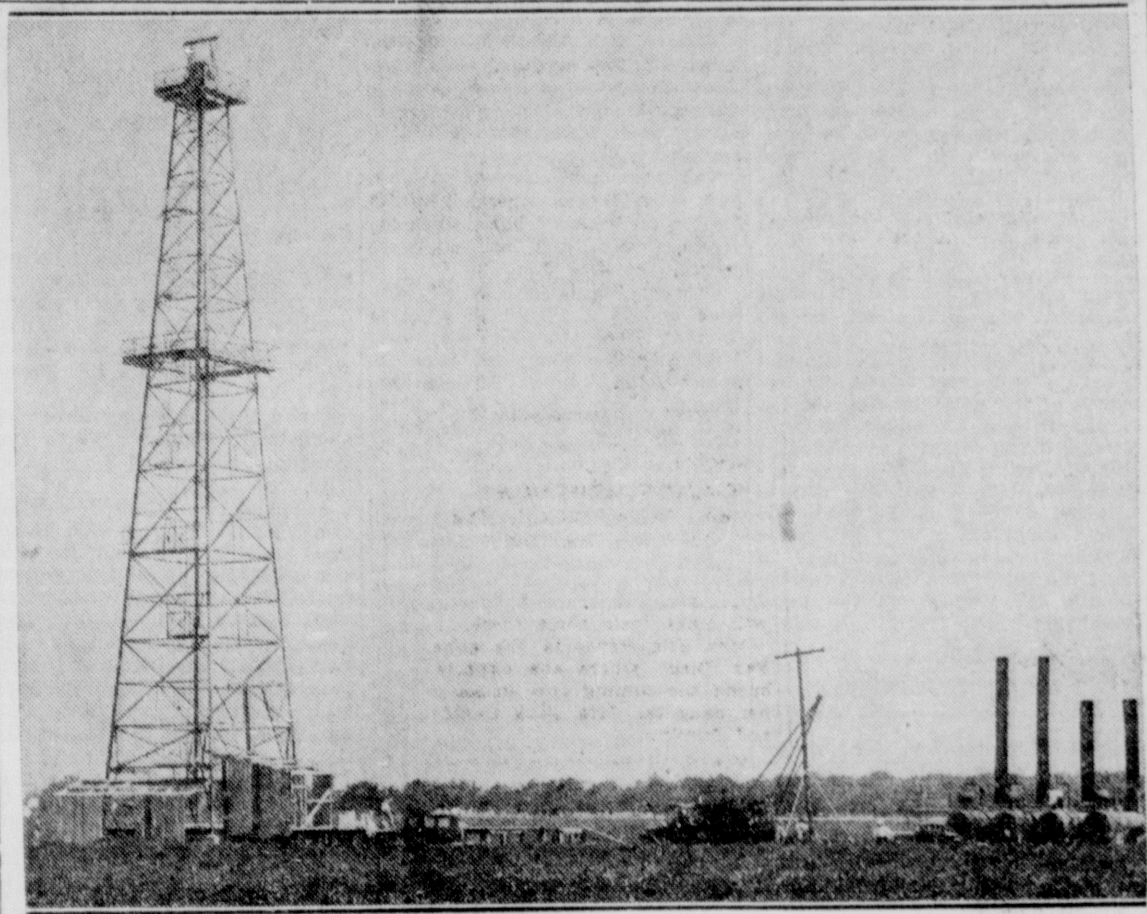

"Here's to Romance," 20th Century-Fox picture with Nino Martini, Genevieve Tobin, Anita Louise and Maria Gambarelli: "The trials, disappointments and ultimate success of a handsome young tenor bring to the screen the glorious young voice, tempered acting and charming personality of Nino Martini. The arias of many a familiar opera fill the ear reminiscently, while delightful back-stage and Latin Quarter scenes abound. Assisting young Martini in his initial screen triumph is the Grand Old Lady of the opera and concert stage, Madame Schumann-Heink. Excellent cast, fine orchestral score and rare direction make 'Here's to Romance' delightful entertainment for all audiences."

"Thunder in the Night," Fox picture with Edmund Lowe, Karen Morley, Paul Cavanaugh and Una O'Connor: "A not-to-be-overly-constructed murder mystery is produced on the premise that if a little sound is effective, more is better. The results are deafening, though principals and supporting cast acquit themselves creditably. Adults and young people."

"Harmony Lane," Mascot picture with Douglas Montgomery, Evelyn Venable and Joseph Cawthorn: "The biography of Stephen Foster forms the theme for this charming musical story. The beloved Foster songs combine with Negro spirituals and exquisite photography to create a fitting background for the poignant story of the composer's life. William Frawley gives a notable characterization of the minstrel, Christy. Family."

SANTA ANANS START OIL DRILLING

Here is the derrick of the Continental Oil Company, located 50 feet north of Monte Vista avenue, and a quarter of a mile west of Raitt street in Southwest Santa Ana, in which some 50 Santa Anans who have signed over leases to the oil company pin their hopes on finding oil under Santa Ana. Actual drilling is expected to start about October 1. The well will be sunk 6000 feet or more.

BULLETINS ON
RECLAMATION
ARE RELEASED

Based on a report of Harry H. Jenks, of Berkeley, consulting engineer for the Orange county sewage reclamation project, two bulletins are to be published for distribution to residents of the county, according to action taken last night at a meeting of the publicity committee with George L. Bates, chairman.

A limited number of large bulletins are to be issued which are to be supplemented by small folders containing a brief summary of facts related to sewage reclamation. The folders are to be distributed during October and November when the research plant east of Santa Ana will be open to the public.

In his report Jenks points out that 900 municipalities of the United States representing 40,000,000 persons, are utilizing sewage water for irrigation purposes. He estimates that 5600 acre feet are wasted annually in Orange county through sewers. Water reclaimed is in no sense intended for drinking purposes, he states.

Jenks states in additional information received by the committee recently, that the value of sludge fertilizer and of power from sludge gas has not yet been estimated.

Semester Plans
Are Outlined At
Student Meeting

Plans for the current semester were formulated by the Student Order Committee at the Santa Ana High school yesterday at the committee's first meeting of the new semester. Under the supervision of T. P. McKee, adviser, and Ralph Fuller, chairman, the new members were instructed and informed of their duties for the fall term.

The committee, established two years ago to take place of the Junior Police, is composed of students whose scholastic standing is high, coupled with a high citizenship rating. New and returning members include Chairman Ralph Fuller, Ed Velarde, Harold Tucker, Jack Wood, Greg Warner, Joe Kadowaki, Paul Wolven, Geraldine Gilbert, Jewel Thebequ, Peggy Paxton, Dorothy Flaherty, Betty Bradley and Lorraine Sweet.

This year's body will usher at assemblies, maintain order during school, and check on lockers. Under the new chairman, Ralph Fuller, many new ideas will be performed. The commission is composed of six boys and six girls.

ORANGE COUNTY
MEN INCLUDED
ON COMMITTEE

Appointment of a committee of experienced operating men drawn from all sections of the state to develop and recommend more standardized pooling systems to meet the marketing situation under industry-side proration, and to cope with such problems as the deterioration now prevalent in some Valencia districts, was announced today by President C. C. Teague of the California Fruit Growers exchange.

The committee consists of Dr. D. D. Wayne, Anaheim, chairman; Frank Collins, Orange; J. A. Prizer, Fullerton; C. P. Blatz, Puente; H. C. Sharp, Saticoy; E. H. Knapp, Riverside; W. H. Hentschke, Redlands; R. B. Denny, Pomona; W. L. Carson, Escondido; H. H. Harlow, Upland; Eugene Green, Lindsay; F. W. Evans and C. P. Foster, Santa Paula and W. E. Spencer, Whittier.

"We must maintain absolute equity among growers under conditions of surplus or differences in maturity and deterioration, and at the same time protect the consumer and ourselves by shipping fruit when it is at its best and by keeping unfit fruit off the fresh fruit market entirely," Teague said.

BROADWAY OPENS
"REDHEAD PARADE"

"Redheads on Parade," new Jesse L. Lasky production, featuring John Boles, Dixie Lee and Jack Haley, together with "The Streamline Express," new mystery-comedy as modern as the streamline trains themselves, comes to the Broadway theater for the remainder of the week, starting today.

John Boles appears as a producer with Alan Dinehart in "Redheads on Parade" who find themselves broke in the middle of their production of a gorgeous musical comedy but they are put on their feet through renouncing the play to advertise hair dye and to make the women of America red haired minded. Then romance creeps into the production, causing confusion and riffs which finally end with the ending of the picture and the right girl is with the right man.

"I found a Dream" is sung by Dixie Lee and Boles and "I've Got Your Future All Planned," is sung by Boles, Miss Lee and five-year-old Patsy O'Connor.

PLAN TO START
DRILLING INSIDE
OF TWO WEEKS

With the derrick in place, four boilers in the field, the Continental Oil Company is hurriedly making plans for the drilling of oil in Santa Ana, near Monte Vista avenue and Raitt street.

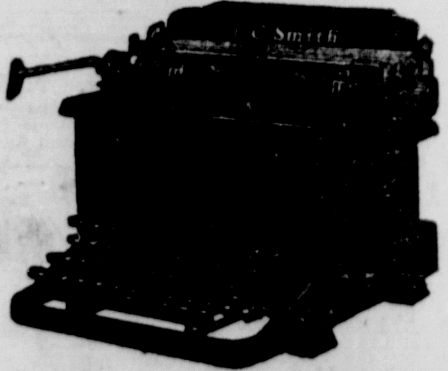

Actual drilling is expected to start October 1, and the shaft is to be sunk some 6000 feet according to the agreement of the company with some 60 persons who have signed over 1000 acres to the oil company, many of which are inside the city limits.

The leases call for a one-sixth royalty to the property owners. The derrick is located in the chili bean field owned by Ernest McClure, just 50 feet inside the Santa Ana city limits which end on Monte Vista street.

If oil is struck on the property, the company's agreement with the property holders is that it will sink a well on each 10 acres of the property.

pens on the train to make for merry, even hilarious entertainment. Victor Jory and Evelyn Venable have the leads.

Musical Picture
And Thriller On
State Screen Now

The current attraction at Walker's State theater is a double feature program presenting "Love in Bloom" and "Living on Velvet." The first is a musical in a New York setting, concerning the romance of Joe Morrison and Dixie Lee, who has run away from her father's carnival. George Burns and Gracie Allen provide many laughs in the film, with Gracie singing for the first time on the screen.

"Living on Velvet" brings many thrills. Its story is that of a daredevil aviator whose miraculous escape in a crash makes him feel he is living on borrowed time and that nothing matters. This role is played by George Brent. He is in love with Kay Francis, as is also his best friend, Warren Williams.

One of the newsreel cameramen's adventure reels, "Casting for Luck," is included on the program.

Sorority Assembles Committees for Benefit Party

Furthering plans for their benefit bridge party to be held October 22 at 8 p. m. in Orange Woman's clubhouse, members of Kappa Delta Phi sorority met Tuesday night in the home of Walter Stark, 401 East Bishop street.

Committees appointed included Miss Louise Peck, Miss Marcene Cook, Mrs. Stark, tickets; Mrs. Meredith Crumley, Miss Eleanor Morilla, decorations; Miss Jerry Beach, Miss Frances King, Miss Vivian Van Norman, equipment; Mrs. Charles Woodfill, Mrs. Stark, Mrs. Ethel Chase, refreshments; Miss Estelle Schlenger, hostess.

Proceeds from the affair will be used to carry on the sorority's Christmas charity work.

Mrs. Stark served refreshments at the evening's close. Plans were made to meet next Tuesday evening for a bridge party in the home of Miss Morilla, 1310 Poinsettia street.

Co-hostesses Receive Group of Friends at Bridge Party

Calling together a group of friends for a delightful informal party, Mrs. E. G. Maier and Mrs. J. F. Jacoby entertained Tuesday night in the former's home, 125 East Pomona street. Bowls of zinnias in autumn shades lent color to the rooms.

Mrs. T. S. Hunter was rewarded for high score and Mrs. W. V. Benson for low score at the conclusion of the evening's bridge play.

Card tables were called into dual service for the dessert course, served to guests who included Mesdames Don Edwards, J. Parley Smith, T. S. Hunter, Anthony Stark, H. D. Drake, J. F. Williams, Ben Hefflinger, Carolyn Chandler, Owen Turner, Courtney Chandler, Harry LeBar, Leslie Pearson, Francis Hill, Paul Eby, Lloyd Banks, Ray Echols, Harley Neff, Russell Hupp of Long Beach, Thomas Crutcher and William Benson of Pasadena.

Mrs. West Entertains With Benefit Luncheon

Entertaining a group of friends at a chicken luncheon Tuesday afternoon in her home on West Seventeenth street, Mrs. W. A. West gave a benefit party whose proceeds will go to the homeless children's fund of Santa Ana parlor Native Daughters of the Golden West.

Many bright-hued flowers brightened rooms of the home. In serving luncheon, Mrs. West had assistance of her daughter, Mrs. W. H. Mize.

In bridge games of the afternoon, pottery prizes rewarded Mrs. Henry Walters and Mrs. George Scher for first and second high scores.

Present in addition to Mrs. West and Mrs. Mize were Mesdames George Seba, Ernest Winbiger, Charles Cramer, Leland Ewbank, Henry Walters, Walter Hickey, George Baler, Louis Froster, Horace Head, Herbert Bray, Delbert Liggett, Arthur Grant, Paul Etzold, Raymond Dixon, Lynn Wallace, all of this community; Mrs. Edwards, Pasadena; Mrs. Naomi Shonrock, and Mrs. A. A. Bailey of Oakland, houseguests of Mrs. West.

Ebbell Arts and Crafts Section Plans Its Year's Work

With 22 members in attendance and a dozen more indicating their desire to be included on the roster, the new Arts and Crafts section of Ebbell society met for the first time yesterday at Willard Junior high school under the leadership of Mrs. Clarence Gustlin.

Discussion was devoted to future activities and procedure. Mrs. Golden Norwood Weston, director of Santa Ana Evening High school, spoke on the various craft classes that are being offered in adult education, while Mrs. R. C. Harris, assistant section leader, who has had considerable personal experience and success in using the loom, presented the possibilities for a weaving's group.

Wood carving and blocking plans were discussed by Mrs. Marshall Harnois, who will direct classes in that field.

Groups working in pewter and weaving will meet separately because of the noise involved in the work, it was decided, but all classes will meet at Willard school, where equipment is already available. Members will be notified by card of the hours and the various types of work while regular section meetings will be held the third Wednesday of every month at 10 a. m. in the Ebbell clubhouse.

Calumpit Auxiliary

Three invitations for future events of neighboring U. S. W. V. auxiliaries were received at last night's meeting of Calumpit auxiliary U. S. W. V. in K. C. hall. The local camp and auxiliary are asked to share in the dinner which Malobos auxiliary of Oceanside is giving Sunday, September 23 at 1 p. m. in honor of the department aide of San Diego and Orange counties, with Department President May Glaze, her Santa Ana staff, Cora Fields and Edna Hannah, and chief of staff, Mrs. Nancy Simmons of Los Angeles, as special guests.

Calumpit members also were bidden to attend the social meeting of Rollins Noble auxiliary tomorrow evening at 8 o'clock in American Legion hall, San Bernardino and to join in courtesy night October 3 with Hollywood auxiliary.

Harry Edwards, rehabilitation officer of the Orange County Veterans Welfare association, read the financial report for the past year showing monetary benefits in excess of \$125,000.

Members were asked to call on "Mother" Julia Williams of Garden Grove, gold certificate mother, who is reported ill in Orange County General hospital.

Santa Ana Camp, U. S. W. V. drum corps was awarded first prize in the competition at the Citrus Belt picnic held last Sunday at Point Fermin, it was revealed. Fifty members from this city attended the affair.

Next meeting of the auxiliary will be held October 1 at a new hour, 7:30 p. m. and will be in honor of the department president, department commander and their staffs. A covered-dish dinner in advance will be in charge of a committee composed of Mesdames W. W. Tantlinger, phone 5296-W, Jack Shaw, phone 5626, Emma K. Wassum and Susan Wine.

Harmony Bridge Club

Entertaining with a luncheon preceding the afternoon's bridge contest, Mesdames Ray Wyckoff and W. C. McFarren were co-hostesses for the meeting of Harmony Bridge club Tuesday at Masonic temple.

Prizes were won by Mrs. George Shippe, high, Mrs. John Bruns, second and Mrs. C. L. Neuschwanger, low in auction, and Mrs. Joe Steele, high in contract.

Members present were Mesdames Carolyn Dennis, B. E. Dawson, Lloyd Folger, Harvey Dimmitt, Don Edwards, Rhea Fouat, Max Gowdy, Joe Hershler, Sam Jernigan, Roland Kleese, John Bruns, Glenn Lyman, C. L. Neuschwanger, George Shippe, Ray Spang, Joe Steele, Osborne H. Holmes, Ray Snyder, Clara Belle Rousseau, Edmund Pakenkopp, Ray Wyckoff and W. C. McFarren.

Announcements
Edison P. T. A. will observe fathers' night next Tuesday at 7:30 p. m. in the school kindergarten room. A program will be presented, and refreshments will be served.

Happy Playmates Romp With Tiny Birthday Party Hostess

Perhaps tiny Irene Frances Morris will not remember for long the joys of her first birthday party, but the occasion itself delighted her when her mother, Mrs. Roscoe Morris (Frances Vieira), her grandmother and aunt, Mrs. W. C. Vieira and Mrs. Clifford Quisell (Ruth Vieira) entertained Tuesday afternoon at the Vieira home, 324 East Bishop street.

Master Donald Nelson Vieira, three and a half months old, cousin of Irene Frances, was the youngest of her party guests, while three manly little lads, Stanley Hodgkinson and Alan and Roger West, twin brothers, had attained the dignity of being five years old. Other small guests ranged between these extremes of reckless youth and hoary age. They were six very youthful sub-debs, Mrs. Judith Reed, Susan Jo Irwin, Judith Reed, Marcia Lee Norton, Linda Cook and Sandra Lee Vieira, and three other youthful men-about-town, Masters Worth Hall, Kenneth Chesley and Jimmie Noland.

Accompanying them were their proud young mothers, Mrs. Robert Reed and Mrs. Roland Hodgkinson, of Balboa; Mrs. Leo West of Irvine, Mrs. Kenneth Chesley and Mrs. Manley Noland of Long Beach; Mrs. Joe Irwin, Irvine Park; Mesdames Clarence Ranney, Francis Norton, Bert Robinette (aunt of small Linda Cook), Edwina Vieira and Nelson Hall of this city.

The babies romped on the lawn where later they were grouped around a table to enjoy homemade ice cream and cake, or, in case of the very youngest, junket and animal crackers. Mickey Mouse balloons were among table decorations of pale yellow chrysanthemums and baby's breath, and two pretty yellow and white seed birthday cakes, each with its single flaring candle. Each child received a little stuffed animal as party favor.

The baby hostess received her playmates in a soft silken frock of delicate blue fagoted with pink, and most becoming in her sunny curls and the great dark eyes that gleamed with excitement over her birthday gifts.

Knights Templar Plan Hospitality Night

"Ladies' night," observed last night by Santa Ana Commandery of Knights Templar, provided an enjoyable evening for wives and friends of the Knights, who assembled in Masonic temple for entertainment program planned by James A. Tarpley.

Guests were welcomed by the commander, Robert W. McKnight, with a friendly talk which closed with the introduction of Sir Knight Tarpley. The latter in turn introduced Miss Vera Marilyn Getty as mistress of ceremonies.

Miss Getty presented 17 of her dance pupils in various numbers. Costumes in a variety of gay colors and graceful styles, added interest to the pretty dances.

There were two tiny maids whose clever singing and dancing met with special applause. They were Yvonne Ziakiet and Peggy Williams, both doing solo work, and both just three years old. Jean Mead did a clever acrobatic dance; Lois Bradley and Court Martin were amusing in their bawdry numbers; June Tway soloed in a graceful toe dance; Louise Seaver gave two rhythmic numbers, and other dance soloists doing fine work in tap and feature dances were Eloise Jacobs, "Ginger" Germalin, Edna Mae Squires, Dick Rummels, Mary Ellen Squires, Maurine Waters, Marie DuFaut and Kathleen May.

Especially well received were the acrobatic tap dances and singing of Velma Staud and solo dances by Babe Lacey, newcomer to the Getty studio from New York City, and vocal solos by Nye Martin.

Following the program, guests were bidden to the second floor dining room of the temple, where Mrs. James A. Tarpley and her decorating committee from wives of the Knights, had arranged attractive tables in readiness for serving refreshments.

DANA POINT

DANA POINT, Sept. 19. — Mr. and Mrs. A. E. Culland and Spear, of San Juan Capistrano, were dinner guests in the home of Mr. and Mrs. S. J. Roseman Sunday.

Mrs. Mary Pope of Culver City visited in the home of Mrs. Ralph Perce Sunday.

Mr. and Mrs. Harry Maunden have moved to the McCord house.

Mr. and Mrs. George Boddy, of Fullerton, visited in the home of Mr. and Mrs. S. J. Roseman recently.

Church Women Discover Elaborate Plans Made For Entertainment

Program and decorative details of a party held this afternoon by First Presbyterian Ladies' Aid Southwest section conformed to a Hawaiian theme emphasized by the tropical setting arranged on the grounds of the J. R. Moore home, 424 West Second street.

Inviting the Northeast, Northwest and Southeast Aid sections, and other women of the church to join with them in the event, members of the hostess group entertained approximately 100 guests.

The party was planned by the Southwest section president, Mrs. L. E. Barry, and her staff of officers including Mesdames Roy Johnson, Wayne West, M. B. Hamilton, Edwin McFadden, J. C. Wiggins, Cynthia Davis, Charles Gammell, Fred Miller, L. M. Forney, R. G. Bond and the Misses Louise Friedly, Leslie Smith and Louise Brokaw. Mrs. Johnson was official hostess for the event.

Hula costumes were donned by a group who served punch and assisted in other details throughout the afternoon. On this committee were Mrs. J. E. Arterburn, Mrs. R. D. Flaherty, Mrs. O. C. Hillhouse, Mrs. P. Galtveth, Mrs. Miller, Miss Geraldine Gilbert, Miss Mary Lou McFarland, Mrs. E. K. Jensen.

The program included selections by Hosmar's Hawaiian Players; readings from Don Blanding's poems by Mrs. Frances D. Frothingham; vocal solos by Sally Lee Seales, accompanied by Miss Ruth Armstrong; ukulele selections by Miss Armstrong. Mrs. Nettie French displayed souvenirs and gave a talk on the Hawaiian Islands. At 4 o'clock, radio station KREG played a selection in honor of the occasion.

Refreshments served furthered the Hawaiian theme.

Panhellenic Activities Will Be Resumed at Evening Meeting

Refreshed by a summer of vacation travels and experiences, members of Panhellenic society are ready to turn their attention to winter activities, and will resume their monthly meetings next Tuesday night when society officers will receive at an evening party in Ebbell lounge.

Mrs. Harry LeBar, president, and her officers, Mrs. R. C. Harris, Miss Betty Burnham, Miss Ruth Bradley, Miss Lota Blythe, Mrs. John Jacobs Jr., and Mrs. Horace Leeding, will comprise this hospitable group, and are hoping to greet many new members Tuesday night as guests arrive at 7:30 o'clock. To all women who have been identified with national sororities, is extended a cordial welcome to become active in Panhellenic society. They may do this by telephoning any member of the hostess committee, and signifying an intention of being present at this opening meeting.

Mrs. LeBar plans to outline some of the aims and objectives of the year's work, and to name her various committees, during a short business meeting. Subsequently the members will follow their established custom by giving their attention to bridge.

Party Honors Are Paid Sunshine Drill Team

Appreciative of the fancy drills which Sunshine Girls of Tustin Pythian Sisters gave at the annual Chiropractic auxiliary barbecue this summer at Trabuco Oaks, auxiliary members entertained at a party Tuesday night, at the home of Mrs. James and Estelle Workman, complimenting the Sunshine Girls.

The hospitality opened with a wiener roast around a big bonfire in the garden of the Workman home, 1905 Valencia street, followed by games and contests in which the honor guests, hostesses and Pythian Sisters all joined. Dr. James Workman was caller for the game of beano, in which prizes were secured by Una Crawford, Marian Baxter, Alberta Pollard, Velma Williams, Virginia Matthews, Sarah May Matthews, Thelma Trickey, Thelma Hansen, Mrs. Jennie Stone and Mrs. Beulah Hamilton.

Miss Thelma Hansen's team of balloon racers scored over the team captained by Vera Scott. Virginia Matthews won in the bag blowing contest. After an exciting relay race, merry-makers sought the home where motion pictures of the girls in their drills at the barbecue, and other interesting scenes were screened by Dr. James Workman.

Late in the evening home-made cakes baked by Mrs. Bertha Trickey and Mrs. Jennie Stone, were served with ice cream, and the gay party closed with Miss Thelma Trickey, drill mistress, leading in a cheer for the two Mrs. Workman, hosts at such a pleasant affair.

Mr. and Mrs. John L. Reynolds and Mrs. Mabel Read assisted throughout the evening. Guests included with Miss Mary Thompson, teacher at Irvine school, the Misses Thelma Trickey, Virginia Matthews, Marion Baxter, Barbara Kiser, Genevieve King, Paula Purvis, Betty Lou Hamford, Dorothy Hill, Velma Williams, Betty Brooks, Shirley Phelps, Una Crawford, Alberta Pollard, Thelma Hansen, Virginia Pollard, Vera Scott, Ladema Page, Helen Mitchell, Grace Stone and Lorraine Pollard together with several Pythian Sisters, Mesdames Sarah May Matthews, Beulah Hamilton, Bertha Trickey, Jennie Stone, Edith Matthews.

Chat and Sew Club Meets in Vernon Home

Chat and Sew club members spent a pleasant evening Tuesday as guests in the home of Mrs. John J. Vernon, 2020 Santiago street. Zinnias and other flowers used in decorating were in keeping with an orchid and yellow color scheme which the hostess observed later in the evening when refreshments were served. Nut cups and other appointments furthered the motif.

Guests were Mrs. Harry Harlow and Mrs. John C. James of this city. Members sharing Mrs. Vernon's hospitality were Mrs. James Smith and daughter, Lois, Santa Ana; Mrs. Harvey Emley, Garden Grove; Mesdames Enley Camp, Oliver Wickert, Wilbur Woods, E. C. Frevert, V. O. Estes, Edwin Westcott, E. D. Wood, Earl Smith, Orange.

Mrs. James Smith will be hostess at the next meeting, October 1.

Standard Life As'n.

Birthday anniversaries of Mr. and Mrs. J. Wiley Harris and Mrs. Elizabeth Warren were celebrated during a dinner which marked the latest meeting of the Standard Life association in M. W. A. hall. Flowers and tapers brightened tables. A large birthday cake had been provided in honor of the three celebrants.

Mrs. Martha Schroff, president, conducted business matters. Following a program, Mr. and Mrs. Harris were presented with a coffee table, in recognition of the work which Mr. Harris has done for the organization in his capacity of secretary of the organization for the past ten years. He resigned from the position in July.

PUT YOUR BEST FLARE FORWARD IN A SIMPLE-TO-SEW, ALL-OCCASION FROCK

By ANNE ADAMS

There's many a "flare" in the fashion sky this Fall, and no smart skirt will dare sail forth without at least one. This charming all-occasion frock has flares both back and front, thus assuring its wearer plenty of style interest. The drop-shoulder yoke points twice in front, once in back, to the bodice and nipped sleeves which gather round it. Utterly charming, the tiny round collar which tops the yoke's diagonal closing, and don't you love the young way the sleeves puff about the elbow? There are novelty creases with plenty of surface interest from which to choose—or if you're out to be very practical, select a sheer wool.

NEW OFFICERS SELECTED FOR P.-T.A. GROUP

ORANGE, Sept. 19.—Three officers were elected at the meeting of the Lydia Killefer P.-T.A. Wednesday to replace those who have moved from the district during the summer. They are: secretary, Mrs. H. Baines; treasurer, Mrs. Lon Foster, and auditor, Mrs. Kenneth McCoy.

Mrs. Walter McCracken presided and announced the appointment of Mrs. Harry Zierling as membership chairman; Mrs. T. J. Seavy, program; Mrs. Henry Joost, hospitality and summer roundup; Mrs. James Inglis, social; Mrs. Richard Reed, magazines; Miss Lydia Killefer, publicity; Mrs. George Horton, publicity.

Two talks were featured. Miss Lydia Killefer, principal, spoke on "What the School May Expect of the Home." Mrs. Margaret Ockles spoke on "What We May Expect of the School."

Miss Phyllis Kogler, accompanied by Miss Alice Des Larzes, sang "When Love is Kind," and "In a Luxembourg Garden." Wesley Marquet sang "Sylvia." Ice cream and cake was served at the close of the afternoon.

Mrs. Earl Smith Resigns As Head Of Maple P.-T.A.

ORANGE, Sept. 19.—Resignation of Mrs. Earl Smith as president of the Maple Street Parent-Teacher association was accepted with regrets at the first fall meeting of the executive board Wednesday. Mrs. Smith's health will not permit her to continue in the work, it was stated.

Mrs. Vern Estes, vice president of the unit, will act as executive until a new president is elected at a later meeting of the board. Plans for the first meeting of the association to be held next Wednesday were formulated and fall activity was discussed.

Those present were Mrs. Earl Woods, Mrs. Vern Estes, Mrs. Kenneth King, Mrs. Iva Lee, Mrs. Ida Mae Palmer, Mrs. Crockett Riley and Mrs. Earl Smith.

Mrs. Donegan To Entertain Club

ORANGE, Sept. 19.—Mrs. Florence Donegan, president of the Orange Business and Professional Women's club, will be hostess to members of the organization at her vacation home on Balboa Island Monday evening.

Miss Dorothy Bartley is in charge of the meeting and has announced a welter bake for the occasion. Members have been requested to make reservations with Mrs. Nellie Humphrey and to bring their own table service.

Mrs. Donegan entertained members of the board at the beach home Monday evening in a potluck dinner and business meeting. Plans for the fall meetings were outlined, the first formal meeting to be held October 14.

once every ten days until blooming starts.

Ugly hill sides . . . spots where nothing will grow successfully will welcome a planting of perennial sweet peas. Rake the seed into the ground while dry, a few corn flowers or Michaelmas daisies scattered with the seed, and the rain will do the rest. Wall flower cutting thrown into an ugly gully last fall, taught me that little trick. Every last one of the rooted and bloomed this year.

City May Get New State Fire Station

ORANGE, Sept. 19.—Establishment of a state fire station in the city of Orange was discussed at a meeting of the city council last night and a suggestion was made that the city donate a site at Water street and Chapman avenue as it is felt that the station should be on a principal thoroughfare.

Should state authorities decide to locate the station here the city is desirous of aiding in securing a site, it was brought out. Gordon X. Richmond, city attorney, was instructed to investigate legal aspects of the proposed donation.

CHAMBER WORK TOLD MEMBERS OF LIONS CLUB

ORANGE, Sept. 19.—"Why a Chamber of Commerce?" was the question discussed by Burl Martin, secretary of the Whittier Chamber of Commerce and past president of the Whittier Lions club, as guest speaker at the regular meeting of the local Lions Wednesday.

Martin pointed out that the chamber of commerce is the only organization able to do the service it performs for the community without rivalry or jealousies, without political or religious restrictions. He said that the chamber centralizes the thought power of the whole community, forms a grievance stabilizer from which every citizen can receive sympathetic understanding and encouragement, provides an unbiased informational service, publicizes the community, gives protective care to the business districts from unworthy solicitations, and works out such emergent demands as the handling of government enterprises and others.

The three-months fall attendance contest of the club started Wednesday, with Jack Lambert and R. J. Friedman as captains of the two sides. At its close the losers will give the winners a party, it was announced.

John Christiansen was chairman of the program, and V. D. Johnson, secretary of the local chamber of commerce, was a special guest.

Girls' Society To Meet Sept. 30

ORANGE, Sept. 19.—The first meeting for the year for members of the senior group of the Girls' Missionary society of the First Methodist church will be held September 30, according to plans made at a tea given the first of the week at the home of the advisor, Mrs. R. C. Patton, North Glassell street. Mrs. L. L. Williams was selected as study book leader. The group includes college girls of the church.

Plans for the junior group of the society are to be made shortly.

ROAD WIDENING WORK RECEIVES STATE BACKING

ORANGE, Sept. 19.—Assurance that the widening of Glassell street to 56 feet between curbs and the resurfacing of the two blocks north and south of the plaza had been approved by the State Highway commission was given the members of the body, a report to this effect being presented by Councilman Cal D. Lester.

Lester quoted Justus F. Craemer, assistant director of the state department of public works, as authority for the statement. Lester also stated that Parallel parking on Glassell street is a certainty.

The work is to be financed partly through funds derived from the state gasoline tax and apportioned to the city and partly through federal funds. Federal approval of the project is expected at once. Two feet will be cut from sidewalks on each side of the two blocks and curbs set back.

Ordinance Amended

An ordinance, amending a measure passed June 26, 1935, regarding the use of sidewalks and other public places, was up for first reading. The amendment provides that all sidewalks shall be kept free from and clear of obstructions, merchandise and all other standing overhanging obstructions to the use of walks by pedestrians. City Attorney Gordon X. Richmond explained that the former ordinance permitted vegetable stands to extend two and a half feet onto the sidewalks. Penalties and signs of all sorts are included in the provision of the amendment, it was explained. The ordinance will become effective in 30 days time.

Richmond was instructed by the council to prepare an ordinance prohibiting a "U" turn at the intersection of Glassell street and Maple avenue. Councilman Lester stated that A. L. Tomblin, fire chief, had asked that the drafting of an ordinance regarding storage of gasoline in the city be delayed until his return from a fire chief's convention in Sacramento.

Survey Authorized

W. K. Hillyard, acting as city engineer, was authorized to make a cost survey of straightening La Veta avenue near Batavia. It is proposed to acquire five feet from property on the north side of the street for a distance of about 100 feet for this purpose.

Insurance for the fleet of city cars was awarded to R. D. Stanley, Judge A. W. Swayze was allowed \$10 a month or a sum not to exceed \$120 a year for help in his office as city judge. Olin Goehring, who fainted at the wheel of his car last week and knocked down a city lamp post as the vehicle left the road, will pay the

Welfare Board Drive For \$2000 Opens

ORANGE, Sept. 19.—The drive of the Orange Community Welfare board for \$2000 for yearly activities was opened this morning, with representatives of service clubs of the city working in the business district.

Following work in this district the residential district will be canvassed, according to C. H. Robinson, head of the drive committee. Voluntary contributions up to this morning totaled \$160 with many articles of clothing and a large amount of foodstuffs contributed the past week.

city \$5 monthly until the cost of the post, \$47.20 is paid, it was stated.

E. L. Frerking, representing 21 real estate dealers appeared before the council asking that real estate dealers city licenses be suspended as he said, state licenses are paid by them. Most of the dealers are not making deals of any sort, he said. Action was taken to suspend license fees for a period of three months of dealers appearing before the council, stating that they were not making any money. Frerking's license being the first to be suspended.

Guard Request Refused

A request was received from Orlo Hobbs to oil and gravel a dirt road leading from Tustin avenue near his home to a residence in the rear. It was decided as the road was on private property, that oil and gravel would have to be purchased by property owners affected. It was stated that dust from the road was covering orange trees on property nearby. Councilman A. H. Helm, who was not present, was appointed to meet with the county planning commission October 31 to discuss the Santiago creek project. It was announced that the project of supplying school crossing guards under WPA had not been approved by federal authorities as the matter in their opinion was a city job.

Ira Wisner was allowed to establish an electric appliance shop in his home at 224 South Lemon street. The city treasurer was authorized to place \$20,000 in an inactive fund in the Orange Savings bank. It was stated that at the present time the city has beside the \$20,000, \$19,945 in the First National bank and \$18,000 in the Bank of America. The sum of \$12,000 is required to run the city each month for the coming two months, it was stated.

OCEANVIEW, Sept. 19.—Three executives of the Oceanview Boy Scout group attended a meeting held at Irvine park this week. Those from the Oceanview group were the Rev. Joseph Thompson, leader; George Harding and H. K. Lawton.

Mrs. S. A. Goodwin Luncheon Hostess 20-30 Members To Aid Welfare And C. Of C. Campaigns

ORANGE, Sept. 19.—Mrs. S. A. Goodwin, West Palmyra avenue, was hostess Tuesday to past presidents of American Legion auxiliaries of the county at her home. The afternoon was spent at fancy work after a covered dish luncheon had been served. An interesting game, "The Art Exhibit," was a part of the entertainment for the day, with Mrs. Nora McCullah as winner.

Those present other than the hostess, Mrs. Goodwin, were Mrs. E. L. Mathews, Mrs. Ruth Jellis, Mrs. Nora McCullah, Mrs. Agnes Struble, Miss Louise Tubbs, Mrs. Florence Robinson, Mrs. Pannie Reeves, of Santa Ana; Mrs. Lois Corcoran, of Fullerton; Mrs. E. A. Haines, Mrs. Anna M. Slater, Mrs. Celia Bryant, Mrs. Flora Fairbairn, Miss Maude Sisson and Mrs. E. C. Frevert, of Orange.

ORANGE, Sept. 19.—Decision to take active part in the coming campaigns of the city welfare board and the chamber of commerce was made at the regular meeting of the Orange 26-30 club Wednesday night. Plans for activity were placed in the hands of the directors of the club.

A report of the recent convention of 26-30 clubs was given by V. G. Wolfe, delegate from the local organization. Ted Wood presided at the business session in the absence of the president, Roy Haine.

It was announced that next week's meeting will be held at Riverdale, where the Southern California championship ball game will be played. Cliff Swedberg was appointed program chairman for the following week.

THE TINYMITES

The Indians and the Tinymites just sat and talked about the sights that they had seen in travels every place around the world. Of course wee Duncy talked the most. Through hours and hours the lad could boast, and by the time that he was through, some strange tales were unfurled.

An Indian, in the meantime, had joined Scouty, who was very glad to walk around and see the tents all lined up in a row.

The Indian said, "You'll sleep in one of these tonight. It will be fun, and you will all get lots of very comfy sleep. I know."

Not one thing did wee Scouty miss. He suddenly said, "What is this?" The Indian answered, "That's a drum. You thump it with your hand."

"While it is being played, you see, the Indians dance quite merrily. Some folks call it a war dance, but it's really very grand."

"Oh, my, let's have a war dance now. I'll thump, if you'll just show me how. We'll stage it for the Tines," said wee Scouty, with a grin.

"I've heard such dances are a treat, 'cause Indians have such nimble feet. Come on, let's take the drum back, so the big dance can begin."

The kindly Indian said, "All right. Be sure and thump with all your might." And then he showed wee Scouty how. The lad was quick to learn.

"Oh, this is lots of fun," said he. "And when the Tinymites see me."

FLAPPER FANNY SAYS:

You have to be handy at maneuvering to keep your hands pretty.

I know they'll get excited. Then they all will want a turn."

The whole thing proved a splendid hunch, 'cause when wee Scouty joined the bunch, and started playing on the drum, the Tines cheer aloud.

Some Indians did a fine war dance. It was a thrill to see them prance. Once more the Tines proved a quite appreciative crowd.

(The Tines enjoy a huge camp-fire in the next story.)

Stories in STAMPS

By I. S. Klein

WHEN Belgium sought a design for a stamp by which it could aid its poor children, no better subject could be found than that of the three children of King Leopold III. Their picture was placed on the stamp designed to aid the Royal Charity Society, in 1935.

Princess Josephine Charlotte, 7, is the eldest of the three. Next comes Crown Prince Baudoin, Prince of Brabant and heir to the throne. He is 5. The third child is Prince Albert, who was born on June 6, 1934.

The queen mother who recently met death in an auto accident in Switzerland, was the beautiful Astrid, daughter of the King of Sweden's brother and descendant of Marshal Bernadotte, whom Napoleon made king of Sweden more than a century ago. She had wedded King Leopold III in 1926.

STRANGE AS IT SEEMS—By JOHN HIX

For further news address the author, 1000-10th St., Santa Ana, Cal. Reg. U. S. Pat. Off.

The diamond is pure crystal carbon, no different in substance from graphite or soot. It is the only gem that is a single element. Other precious stones are composed of two or more elements. The emerald, for example, contains three elements; while the ruby and sapphire are made up of three each.

One of the strangest fears ever known to possess a man was that which haunted Montanus, famous German monk who lived from 1488 to 1528. He believed himself to be a grain of wheat—and, worse than that, he feared that he was in danger of being eaten by a bird. He flatly refused to go outside his house for fear a bird would see him.

The Turkish Empire, one of the Central Powers in the World War, suffered greater territorial losses by 15 times than did Germany, the principal foe of the Allies. The land held by the Turks totaled 710,224 miles before the partition, and only 294,492 after.

She lost Armenia to Soviet Russia, Syria went to France as a mandate; Mesopotamia was given to the Persians to become a part of the kingdom of Iraq; Palestine was given to the British to control, and Arabia was declared independent.

Germany's land losses, not including African colonies, amounted to about 25,000 square miles, while those of the Turkish Empire totaled 415,000 square miles.

A New Light on AN OLD SUBJECT

CLASSIFIED Advertising began in this country with Benjamin Franklin's famous Philadelphia newspaper. At first it was the only newspaper advertising known and it was carried mainly as a supplementary service to subscribers, without much thought for its commercial possibilities.

Today "Want Ads" are recognized everywhere as important means of getting before the public special information and sales items. Without it many an individual and business house would be at a loss for this simple means of buying and selling.

Register Want Ads Get RESULTS!

Hundreds of these special and sales messages are advertised daily in the columns of The Register Classified. P.-T.A. OFFICERS IN CLASS SESSIONS

At a school of instruction held at Buena Park grammar school today, incoming officers and chairmen of Parent-Teacher associations of the county attended classes in preparation for work of the year with Mrs. W. T. Kirwin, president of the district presiding. Sessions opened at 9:30 a. m. and lunch was served this noon. This afternoon Mrs. W. R. Goddard of Los Angeles, corresponding secretary of the California Parent-Teachers association was to have conducted a question box.

POLICE SEEK MAN ON CHECK CHARGE

Police were today seeking a man dressed in painter's overalls and a cap, who cashed a \$21 check at the Henry Schmidt meat counter in the Grand Central market. The check was returned from the bank unpaid, officers were told. It was made out on the First National bank, signed by "F. H. Munson" and endorsed by "Paul Mason." The address of "Mason" was given as 1415 West Fifteenth street, which is fictitious.

POLICE TAKE SIREN AWAY FROM YOUTH

Sirens belong on police cars, ambulances and fire trucks, police officers last night told Earl Warrecker, of 815 1/2 North Van Ness street, early last night, as they confiscated a siren which Warrecker was using on his bicycle. The siren, the bicycle and Warrecker were found at Fourth and Ross streets. The youth was not arrested.

THE STRANGE POSITION OF THE
LEAGUE OF NATIONS

The League of Nations and international relations present to the world rather a queer anomaly.

The idea, which the League is endeavoring to place before the world, is that the nations have joined for the purpose of protection, to prevent international conflict and really to preserve, to a certain degree, the status quo.

In fact, we recall, in the beginning, we were opposed to the League compact, because we felt that in certain of its provisions, particularly Article X, that it was far from assuring the autonomy of people. We felt it rather protected empires in the acquisitions which they had already made and there was no hope for the future.

We found this was not really true. The Irish Free State has been formed since the World war and England has gone far to relinquish any claim of authority over that country.

But, in any case, the League is one to which the weaker countries, supposedly, can appeal for justice.

Now comes Italy and looks with covetous eyes upon Abyssinia. Certain sections of this country contain great wealth and Italy "needs it in her business."

The financial straits of Italy have reached the breaking point. Mussolini is in distress, necessity drives him into severe measures and he goes out with the idea of pillage and robbery.

Ethiopia is his victim. He has nothing against Ethiopia. He has been "searching his soul" to find something.

But he is determined that he must do it. Now he is so committed that if he doesn't carry on against them, he is probably destroyed, and if he does carry on against them, he is possibly destroyed.

The League of Nations, in order to pacify this pirate and buccaneer, proposes that the League shall have a mandate over Ethiopia. Presumably that Italy shall have a big voice in this, so that she can gain something of her desires. And, very specifically, they grant certain portions, of which Italy declares one part to consist of salt and the other of stone.

It is a strange position, after all, for the League to take. Paraphrasing it, it seems to be this: A powerful and determined yegg stands in front of a bank and announces his determination to break into it and rob the safe. The organized police force of the city, of which this yegg normally happens to be a member, ought to put the man in irons and tell him he can't do that thing and should say:

"Hold on! If you will desist and agree not to break into the bank and rob it of its money, all of us fellows will form a mandate over the bank and we will let you be chairman of the group. You can extract a whole lot from it, really a whole lot more than you think you can."

"We will let you have the front part of the lobby of the bank as your special preserve and vantage point. Now come and be a good fellow and we will work our way out of this."

"You see if we let you go in and rob this bank the way you want to, it would just interfere with the situation in other sections, where some of the other members have robbed banks and are now in possession of them. We don't want to arouse all these bank owners against us at once."

But here the yegg says: "Nothing doing." He says to one of them: "Old Johnny Bull, you have your share of bank robberies here and there." He says the same thing to France and the rest of them. He says: "Now it's my turn, I'm going to have mine."

As poor Ethiopia listens to the discussion and notices the overtures which are made, which she must agree to accept, in order to put Mr. Yegg in the hole, it is really interesting, informing and mighty significant to the rest of the world.

In the meantime, not on the high principles of honor, honesty and the protection of the weak, but rather for the protection of their own empires and their own aggrandizement of former years, they are going to plunge into conflict that may again involve the world.

SOME LEGISLATION MEETING
ACCEPTANCE

Will the President soon ride a new wave of popularity? Some of his legislative reforms are taking hold and are not found to be objectionable as at first supposed. Some of his tax measures, however, are more objectionable the more they are studied.

The law regulating the New York Stock exchange is being accepted by "big business" with almost a minimum of grumbling. Socony-Vacuum, one of the largest oil companies of this country, filed its statement of officers' salaries over the week-end, and even acknowledged several matters of litigation which might greatly affect its profits.

The Security Exchange regulation, far from destroying business, is apparently creating a spirit of confidence in "big business" such that listed firms of the exchange are finding it easy to get plenty of money at low rates of interest.

The new banking act is being endorsed by all sorts of banking groups as either acceptable or workable.

The President of the California Bankers' association views the law as "acceptable." After pointing out the possibility and dangers of large-scale credit inflation, he says: "It will be seen that rigid control of reserves by the Federal Reserve board can be made to minimize the recurrences of periods of inflation and deflation."

Utility holding company regulations are likewise being accepted with good grace and in some utility quarters this liquidation is actually being favored.

Investors in small operating or producing

companies are awakening to the fact that they have been charged exorbitant prices for all manner of services and supplies. And while they have borne the brunt of complaints against utility rates, men like Hopson drew down millions, while many of them went without dividends.

Some of the utilities are now quite anxious that the "goats" should be separated from the "sheep." The real offenders, who have everywhere disregarded the rights of the minority stockholders and the public, are only a few in number, although politically very powerful.

Those companies which are not affected are taking pride in the fact that they are not among the companies whose vitality is being sapped by all sorts of overhead expenses. Less refined individuals are "whooping it up" because they aren't being robbed by some foreign pirate.

With "big business" less inclined to criticize and with business conditions actually improving, the opposition to President Roosevelt is bound to melt away and the President will reappear stronger than ever.

OUR "GUARDIANS" AND THE WAGNER LABOR BILL

It is very wonderful how anxious our "guardians" are to look after our welfare in this country.

There is a so-called "Liberty league" composed, in the main, of big financial geniuses in the East, headed by such men as Shouse, Rasch and John W. Davis. They take themselves very seriously as our "paternal ancestry."

They say: "We are the ones who are going to tell what is constitutional about legislation and what is not." They gathered 58 lawyers together, or maybe they gathered them separately, but, at any rate, whatever it cost, they had the money.

They practically said to these lawyers: "We're going to play at government, and we want you to tell us legislation is 'unconstitutional.'"

The "morning and the evening were the first day," and finally their work was done. Now what do you suppose that group would want to have declared "unconstitutional"?

Probably the first thing they would center upon would be the Wagner Labor Disputes bill. Well, dear reader, you guessed right.

The lawyers, who were "selected" by this "Liberty League," came out and declared that this bill, designed for the protection of organized labor, was absolutely "unconstitutional." This was done in the name and on behalf of "liberty."

Mark you, these 58 lawyers are important attorneys! They are used to handling big cases and their judgment is important.

But, after all, we wonder why this "Liberty league," which has been "yelling its head off" at the constitution, doesn't show some deference for the Supreme Court.

The way to test the constitutionality of any measure is not to bring in a special group of attorneys, employed by corporations opposed to the law, to judge of its constitutionality, but to bring a test case before the court and let the regular and orderly procedure obtain.

And they call this a "Liberty League"! We are reminded of the famous words of Madame Roland: "Oh Liberty! Liberty! How many crimes are committed in thy name!"

Don't Get Elected

San Diego Union

Mr. William Aberhart, premier of the Canadian province of Alberta, had a conference last week with the Rev. Charles E. Coughlin of Detroit. Mr. Aberhart is an apostle of the social-credit theory of Major Douglas. Father Coughlin is a devotee of the economic theories of Father Coughlin.

It is quite likely that a transcript of this interview would contribute appreciably to the joy of nations.

What Premier Aberhart sought, we have no doubt, was not so much advice as spiritual comfort, and he went to a proper agency. The premier is a theorist quite suddenly laden with an official mandate to put his theories into practice. The radio padre is a theorist who will remain unhampered by that responsibility. The former's need of comfort is as obvious as the latter's freedom to dispense it.

The radio priest exploits theories which promise every man a great deal more material wealth than he now enjoys. So does the Douglas plan of social credit. But the exigencies of seeking office put upon Mr. Aberhart a compulsion which the true theorist avoids—the compulsion, namely, of couching his theory's promise in specific terms. Alberta's social-credit dividends, he assured the electorate, would provide each shareholder a revenue of \$25 a month. And to make matters worse, the would-be shareholders elected Mr. Aberhart, thereby commanding him to make his promise good.

The world will not see any transcript of last week's colloquy between the two theorists, but we are willing to make one wager as to the nature of its contents.

Whatever comfort Premier Aberhart got out of Father Coughlin was matched, we are willing to bet, by the value of the warning which Father Coughlin derived from the premier's predicament.

Oil Industry Faces Grave Problems

Pasadena Star-News

With an average reduction of 50 cents a barrel on crude oil, the petroleum industry of California is face to face with an emergency that may have serious consequences for workers and producers, however much such policies may benefit the consumer of gasoline. Further slashes in the price of crude are anticipated as major refining companies attempt to control a situation that has been getting out of hand.

The problem is over production. Failure of the curtailment program has resulted in a surplus daily production of more than 100,000 barrels daily, according to Umpire J. R. Pemberton. The State could produce three times as much oil as is needed to supply California.

Refiners who do not produce their own oil, and producers who operate their own refineries are the opposing factors in this battle. Unless some understanding can be reached the status of the oil industry quickly may become chaotic.

What the effect will be of the new endeavor to curb production is a problem on which all California will center its present concern. In the interests of the industry a peaceful, constructive solution is to be desired.

Tough Competition

More Truth Than Poetry

S. O. S.

(Congress voted \$16,000 which cannot be expended because nobody has asked for it.)

Uncle Sam has a bit of my money

Locked up in an iron-bound vault;

And not a red cent

Of that cash can be spent,

So some one is surely at fault.

I could easily use my allotment,

As could any poor scribbler of rhyme;

And to keep it from me,

I think you'll agree

Is really a serious crime.

I have figured and figured and figured;

I have tried every ruse that I know;

But only in vain

Do I rack my poor brain.

I can't get my share of that dough.

I have written to President Roosevelt

And demanded my share of the pelf.

But he merely replied:

"I have tried and I've tried

But I can't get a kopek myself."

These Congressmen surely are nit-wits.

Some way might be easily found

By a sensible man

In the brain-trusting clan

To distribute that money around.

But vainly I grope for assistance,

My teeth I despairingly gnash.

But rage as I will

I am penniless still—

I can't get ahold of that cash.

A NEW DAY

We do not say of a man any more that his head is in the clouds. Almost everybody's head is in the stratosphere.

Thoughts On
Modern Life

A NEW KIND OF CABINET

There is a world of difference between the Cabinet in the British Government and the Cabinet in the American Government, but last year Mr. L. S. Avery, a member of the British Parliament, made the following observation on the British Cabinet which seems to me to have very pointed application to the American Cabinet.

"We attempt to direct the affairs of a great nation," he said, "by weekly meetings between departmental chiefs all absorbed in the routines of their departments, all concerned to secure Cabinet (or Presidential) sanction for this or that departmental proposal, all giving a purely temporary and more or less perfunctory attention to the issues brought up by other departments. Every Cabinet meeting is a scramble to get through an agenda in which the competition of departments for a place is varied by the incursion of urgent telegrams from abroad or of sudden questions in the House of Commons (or Congress) for which some sort of policy or answer must be improvised."

"The one thing that is hardly ever discussed is general policy. . . . The result is that there is very little Cabinet policy, as such, on any subject. No one has time to think it out, to discuss it, to coordinate its various elements, or to see to its prompt and consistent enforcement. There are only departmental policies."

We have a like situation here. Our Cabinet secretaries are driven from pillar to post by the pressure of the daily grind of their offices.

The President is likewise driven from pillar to post by the daily pressure of routine.

The result is all too often a patchwork legislative program. The result is hurried improvisation. The result is a mass of policies that cancel each other out.

We should shift more and more of the day-to-day work to the shoulders of a permanent Civil Service.

He should reserve our major officers for the high business of policy making.

PARENTAL COOPERATION

Here is a child who is failing in school. He has reached the fifth year because the teachers have pushed and pulled and prodded him along, but he cannot do the work of his grade. "I've heard his lesson's every day since first he went to school, but he doesn't know them when the teacher asks for them. What is to be done with him?"

"Is there any work he can do and likes to do?"

"Just one thing. He likes to work around horses. He will clean a horse, feed him, drive him, do anything for him so long as he can be with him. But he won't learn."

"He is fourteen now, isn't he? There doesn't seem to be much chance of his graduating from elementary school at this rate. He cannot read or write very much—he does poor work in arithmetic—why can't he take a simpler course of study and begin work on a farm where he can work with the horses?"

"I'd be willing. We could let him go to his grandfather who has a farm. He could go to school there and learn farm work, too. But his father won't listen to it. He says he's got to graduate and go to high school. He has washed his hands of him, he says. If I had let him beat him when he was little he would not be like this. His father thinks he ought to be made learn."

"Has he ever tried to teach him?"

"Yes, but he couldn't get mad and cracked him on the head with the book and chased him off to bed. But that didn't teach the boy any. Now he just says he has washed his hands of him and he's got to graduate no matter how long he stays here."

It is so easy to wash one's hands free and still bind someone else's hands. So easy to say: "This is to be done. You do it. I've washed my hands of it." That is the shirker's confession of failure.

Sometimes it is one parent, sometimes another, that takes this attitude. More often than otherwise it is the father who says, "All right. I'm through. You spoiled him. Now attend to him. All I've got to say is that he's got to do what I say."

That leaves mother the double burden of finding some way out for the child and keeping the peace between him and his father. Father's "bonus" march on the seat of government was held in June, 1783. Philadelphia was at that time the home of Congress.

er is disappointed in his son. He wanted him to shine, to do all the wonderful things he dreamed of doing when he was a lad. The fact that he did not do them, was unable to accomplish much in any direction does not make him any the less determined that his son shall perform miracles.

Mothers are often accused of spoiling children when in reality they have done their best with the material they had. It is not possible to make a scientist of a boy who is a craftsman or a tradesman. Nor is it possible to make a professional worker of a child who cannot pass the elementary school grades satisfactorily.

The best way out is cooperation between fathers and mothers. A little quiet thinking, a cool examination of the children, then a combined effort to help them succeed within their abilities will work wonders for the whole family. Clean hands are not acquired by dropping responsibilities.
